The Edward Byrne Memorial State and Local Law Enforcement Assistance Programs ,1992 *Charged* Emily Bazelon,2020-05-05 NEW YORK TIMES BESTSELLER A renowned journalist and legal commentator exposes the unchecked power of the prosecutor as a driving force in America s mass incarceration crisis and charts a way out An important thoughtful and thorough examination of criminal justice in America that speaks directly to how we reduce mass incarceration Bryan Stevenson author of *Just Mercy* This harrowing often enraging book is a hopeful one as well profiling innovative new approaches and the frontline advocates who champion them Matthew Desmond author of *Evicted* FINALIST FOR THE LOS ANGELES TIMES BOOK PRIZE SHORTLISTED FOR THE J ANTHONY LUKAS BOOK PRIZE NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR The New York Public Library Library Journal Publishers Weekly Kirkus Reviews The American criminal justice system is supposed to be a contest between two equal adversaries the prosecution and the defense with judges ensuring a fair fight That image of the law does not match the reality in the courtroom however Much of the time it is prosecutors more than judges who control the outcome of a case from choosing the charge to setting bail to determining the plea bargain They often decide who goes free and who goes to prison even who lives and who dies In *Charged* Emily Bazelon reveals how this kind of unchecked power is the underreported cause of enormous injustice and the missing piece in the mass incarceration puzzle *Charged* follows the story of two young people caught up in the criminal justice system Kevin a twenty year old in Brooklyn who picked up his friend s gun as the cops burst in and was charged with a serious violent felony and Noura a teenage girl in Memphis indicted for the murder of her mother Bazelon tracks both cases from arrest and charging to trial and sentencing and with her trademark blend of deeply reported narrative legal analysis and investigative

journalism illustrates just how criminal prosecutions can go wrong and more important why they don't have to. Bazelon also details the second chances they prosecutors can extend if they choose to. Kevin and Noura and so many others. She follows a wave of reform-minded DAs who have been elected in some of our biggest cities as well as in rural areas in every region of the country put in office to do nothing less than reinvent how their job is done. If they succeed they can point the country toward a different and profoundly better future.

Whitman,2005-04-14 Criminal punishment in America is harsh and degrading more so than anywhere else in the liberal west Executions and long prison terms are commonplace in America Countries like France and Germany by contrast are systematically mild European offenders are rarely sent to prison and when they are they serve far shorter terms than their American counterparts Why is America so comparatively harsh In this novel work of comparative legal history James Whitman argues that the answer lies in America s triumphant embrace of a non hierarchical social system and distrust of state power which have contributed to a law of punishment that is more willing to degrade offenders **Annual Report, Fiscal Year 1997** United States.
