 Aether A Journal of Strategic Airpower Spacepower Major General Charles A Willoughby served as Douglas MacArthur s
 stalwart chief intelligence officer G 2 for over a decade throughout World War II and the Korean War This first full biography
 examines Willoughby s shadowy origins in his native Germany his curious arrival in the United States and his military service
 in World War I as well as his work during the interwar years as a junior diplomat budding historian and neophyte intelligence
 officer His chance encounter with MacArthur in the mid 1930s would prove to be the genesis of a near symbiotic relationship
 between the two with significant consequences for both Throughout his life Willoughby identified with strong authoritarian
 leaders notably Franco and especially MacArthur The author also assesses Willoughby s performance as a professional
 intelligence officer both in World War II and Korea where he is often vilified for his inaccurate assessments of enemy
 strength and most likely courses of action as well as his sycophantic relationship with his commander Willoughby is most
 often criticized for his failing to foresee the entry of Chinese forces into the Korean War and its impact upon the US Army
 and the prosecution of the war Following MacArthur s removal by President Truman in 1951 Willoughby retired and spent
 the rest of his days engaged in right wing political activity and in staunchly defending his much maligned boss The legacy he
 left is one filled with lingering and important questions about loyalty to superiors in civilian as well as military environments
 how far that loyalty should extend and walking the tightrope involved in telling truth to power
