Evaluation And Library Decision Making:

Evaluation and Library Decision Making Peter Hernon, Charles R. McClure, 1990 Evaluation which is a critical component of the planning process assesses the effectiveness and efficiency of library programs and services in the context of stated goals and objectives This book views evaluation as a type of research study in which evaluators collect either research or management data Chapters discuss steps of the evaluation process and provide practical examples of the application of these steps to specific library problems The overall objectives of the volume are to introduce readers to the relationship between planning and evaluation to discuss the components of an evaluation study in clear prose so that readers can easily understand the different steps to foster an attitude that recognizes the importance of evaluation for the development of library programs and services to offer examples of each component of the evaluation process to identify writings on evaluation in libraries and information centers and to encourage organizational change and underscore the importance of evaluation to library decision making Evaluation and Library Decision Making John McClain, 2019-11 Evaluation and Library Decision Making informs the readers about the various decision making processes in the evaluation of library and based on the results based on it The readers are also informed about the techniques for library evaluation and the technologies related to library management It provides the readers with the important insights on the decision making process in libraries in order to manage them effectively depending on their evaluation This book also discusses about The meaning of library decision making The concept of library management The meaning of evaluation process The practical techniques for evaluation of the libraries and Effects of decision making process on the performance of libraries Citizen Participation in Library Decision-making John Marshall, 1984 The unique experience of the Toronto Public Library 1974 1981 when reform politics at the municipal level initiated major changes in the library system Newly appointed Board members enlisted the aid of citizens in identifying unmet needs and exposing basic inequities in the provision of library service Participation grew dramatically as citizens became involved at area and neighborhood levels The result a major turn around in the library's priorities This book analyzes the experience from the points of view of 15 participants and close observers of the process academics politicians library workers and citizens of diverse backgrounds approaches and concerns The American Public Library Handbook Guy A. Marco, 2011-11-29 A detailed reference work that documents every aspect of the American public library experience through topical entries statistics biographies and profiles The American Public Library Handbook is the first reference work to focus on all aspects of the American public library experience providing a topical perspective through comprehensive essays and biographical information on important public librarians Based upon the author's own notes and extensive experience as well as library periodicals library reference books monographs textbooks Internet sources and correspondence with individual libraries this book comprises nearly 1 000 entries addressing all aspects of public library service Each topical essay considers terminology of the area covered its historical context and current

concerns and issues Biographies highlight the philosophical perspective of the individuals covered while entries on specific libraries present timely data and interesting facts about each facility This unique handbook also offers up to date statistics historical highlights and information about programs and events of individual libraries The Challenge of Library Management Pixey Anne Mosley, Wyoma vanDuinkerken, 2011-04-04 Peppered with short narratives that use real life examples of change principles this book helps managers reassure their staff that change can be an opportunity for reflection and personal growth **Federal Evaluations** , Contains an inventory of evaluation reports produced by and for selected Federal agencies including GAO evaluation reports that relate to the programs of those agencies The Effects of the Decision Making Process and Related Organizational Factors on Alternative Measures of Performance in University Libraries Maurice P. Marchant, 1970 The Portable MLIS Ken Haycock, Mary-Jo Romaniuk, 2017-12-07 In this update of the ideal introduction to the library profession the core competencies of professional librarians are presented in 14 essays supplemented with foundational principles and context The original edition of this book gained popularity as a required work for LIS because it uniquely provided a broad accessible overview of the core curricular areas and foundations for the library profession What distinguishes the book as an introduction to the work of professional librarians is that it is not just about information in context or about libraries and their mission Importantly it also covers the required competencies of professional librarians laying a firm foundation for future courses In this second edition each chapter has been revised and updated to take into account current thinking and references As with the first edition the book is organized around the foundations of the profession and key functional areas Questions such as how to think like a librarian and how to facilitate community development are specifically and explicitly addressed In compiling the book the editors sought out the leading thinkers educators and practitioners in each core area as chapter authors Each of the contributors provides an introduction to the knowledge skills and abilities associated with their respective area of expertise discusses current and emerging applications and explores trends and issues International and Comparative Studies in Information and Library Science Yan Quan Liu, Xiaojun Cheng, 2008 This collection of scholarly publications compare practices of librarianship between countries The studies included represent a broad spread of themes and have findings based on empirical methods such as survey and evaluation analysis **Access, Delivery, Performance** Peter Brophy, 2009 Celebrates and acknowledges the contribution Professor Peter Brophy has made over a career spanning 37 years to the field of library and information studies Reflecting on his work this title offers strategies for the future direction of library and information services in the virtual era *Public Library Governance* Edward Abbott-Halpin, Carolyn Rankin, 2020-09-07 Major changes in public libraries throughout the world have led to an increased focus on governance issues Forging successful futures for public libraries depends on effective governance This book defines governance and examines its many facets in relation to public library provision internationally differentiating governance from the policies processes and practices of public libraries The

perspectives of leaders practitioners researchers decision makers and service users are presented offering a variety of views from the past the present and potential approaches in the future Decision making and the roles of decision makers involved in governance are explored Prominent figures from the public library community throughout the world have contributed their knowledge and experience Wicked problems facing the public library sector are identified and the varying approaches adopted internationally to deal with them are outlined There are many practitioner and professional practice issues associated with provision of libraries and views on library usage and delivery vary according to user and practitioner standpoints Globally diverse content provides directions for the future development of public libraries and for dealing with the emerging challenges facing the library world

Measuring Library Performance Peter Brophy, 2006 Measuring the performance of a library's services is one of the most crucial parts of providing a good service This important book is the first to provide an accessible account of current thinking on the evaluation of library services both traditional and importantly electronic library services Illustrated throughout with a range of international examples across different types of libraries this book will become the standard work on performance measurement The book is structured to focus first of all on the intended user of the services outcome and impact perspectives then to look at the management of the service output and process issues then at evaluating the building blocks of services input issues and finally to draw together these strands by examining some of the broader frameworks for evaluation which have emerged The book ends with an extensive Appendix with a description of key methodologies and suitable references Each chapter includes suggestions for further reading as well as key references The key areas addressed include user satisfaction impact on users economic impact inputs evaluating processes counting the outputs acquiring content staff evaluating infrastructure benchmarking and balanced scorecard standards based approaches Readership The emphasis on principles and techniques in the book means that it is perfect reading for busy practitioners but it is also eminently suitable for students and researchers trying to get to grips with this tricky area
