Initiation In The Great Pyramid:

Initiation in the Great Pyramid Earlyne Chaney,1987 The Traveler's Key to Ancient Egypt John Anthony West, 1995 Information to the art and architecture of the sacred sites of ancient Egypt and of items in the Cairo and Luxor museums also The Seven Sisters of the Pleiades Munya Andrews, 2004 The history legend and provides coverage of modern Egyptology mythology of a star cluster associated with women for aeons of human history Munya captures the richness of the mysterious constellation Pleiades and explains the recurring significance of these celestial sisters who animate the myths of cultures as Madame Blavatsky on the Trials and Triumph of Initiation Helena diverse as Classical Greece and Aboriginal Australia Petrovna Blavatsky, 2018-03-17 1 The Origin of the Mysteries The last incarnation of one of seven Lords of the Flame was Baladeva Krishna s brother Hercules is none other than Baladeva in Greek dress In the Golden Age Esoteric Knowledge was common property Initiation arose later on from the necessity to limit the number of those who knew The Initiate's maxim was All for the people and with the people The old Initiates were real philosophers priests and healers They commemorated the secrets of their Mysteries in hieroglyphics Only those whose purity allowed them to look at the great Isis unveiled were admitted to the secrets of Nature and Man But what Gods and Angels had revealed Moses reveiled and hid from the sight of the world 2 The Trial of the Sun Initiate Vishvakarman Hierophant or Logos Demiourgos cut off seven locks of the neophyte s long hair Second Sun's rays and replaced them with a crown of brambles thus making him Vikartana shorn of his rays The neophyte who can overcome the dreadful trials of Initiation on the cross of his worldly passions dies in the Chrestos condition freed from the clutches of matter before his second and triumphant birth in Spirit as Christos The Masonic rite of Initiation is based upon the construction of the Temple of Solomon a narrative modelled upon Egyptian and still earlier symbolisms Yet there never was an Occult Society however open and sincere that has not felt the hand of the Jesuit trying to pull it down by every secret means The Jesuits infected mankind with passivity ignorance and superstition in order to impose their Universal Despotism unopposed 3 The Mystery of the Sun of Initiation In the days of Aristotle few were the true Adepts left in Europe and even in Egypt Solus Sol Sun is The One and the Greek name for Helios the Most High But there is a great difference between our Sun and its prototype the Central Spiritual Sun 4 The Objects of the Mysteries Whether lesser or greater Mysteries have always been graded Theophany is the appearance of God to man Theopathy man's assimilation of his divine nature Theopneusty inspiration or rather the power to hear the Voice of God The last two are experienced when the neophyte passes through the crucifixion of flesh or matter The Grecian Mysteries were identical with the Initiations of Buddhist and Hindu Adepts In India the candidate of the third degree of Initiation has two Gurus But whether Eastern or Western the Initiate dares all and keeps silent Masonic Initiation was modelled on that of the Lesser Mysteries and remains an authority upon the three fundamental degrees The triple duty of a Mason is to study whence he comes what he is and whither he goes 5 Traces of the Mysteries The Round Towers in Ireland and Asia were connected with the Vishvakarman and Vikartana rites

In later ages the Initiates of the Left Path and the anthropomorphists turned them into phallic monuments The key to the mystery of Initiation and to the real Christ not the blasphemous caricature of the Churches lies on the difference between the terms Chrestos and Christos There were two Messiahs Chrest and Christ Jesus was an Initiate of the Egyptian Mysteries where the rite of the suffering Chrestos on his trial and second birth as Christos by regeneration were enacted It was on the seventh day the third of his ultimate trial that the Eastern neophyte arose as a regenerated man and returned to earth as triumphant conqueror of death a Hierophant Initiates are said to have crushed the serpent s head i e conquered their sensual nature The Egyptian Initiates held the Rose as symbol of Nature the mother and nourisher of man represented as a virgin woman The Brothers of the Rosy Cross as a symbol of sexual procreation The old Indian Mysteries of Initiation were brought to Greece by Orpheus nine millennia before Homer and Hesiod 6 The Last of the Mysteries in Europe Alesia Arles and Bibractis the last bastions of the Ancient Mysteries in Europe are no more Occult Wisdom is now replaced by absolute theocracy that displays its crowned priests to the ignorant masses Whatever else Cheops might have done he has not built the pyramid bearing his name Neither Solomon his temple nor Noah his arc for that matter The strict silence of the Initiates and the total loss of all written memorials of secret knowledge may explain why so little is known of the Ancient Mysteries Yet there is spiritual Alchemy and physical transmutation their cradle is to be sought in the most distant times 7 The Post Christian Successors to the Mysteries The Neo Platonic School of Ammonius Saccas became the successor of the Eleusinian Mysteries and herald of the Eastern Secret Teachings unveiling the long and laborious descent and re ascent of the Divine Monad or Soul Each of us have to pass through the Valley of Thorns before he emerges into the plains of divine light and rest The Eclectic doctrines are strongly reflected in the Epistles of Paul and John the Evangelist For it is not Judaism and Christianity that remodelled the ancient Pagan Wisdom but rather the latter that put its heathen curb on the new faith and was further influenced by the Eclectic Theosophical system the direct emanation of the Wisdom Religion Ammonius Plotinus Iamblichus Proclus were prominent Theosophists though they never claimed the title All that is grand and noble in Christian theology comes from Neo Platonism Ammonius was a true Philaletheian one of us His Eclectic Theosophical School a precursor and prototype of the modern Theosophical Movement was made of the crumbs permitted to be gathered from the antediluvian lore Woe to those who mock Divine Knowledge and betray her secrets But those who are pure in thought and deed and have trust and confidence in their immortal spirit have nothing to fear **Resurrection Initiation Midas** Mantra, 2011-09-01 Is there life after death What are the pyramids for What is The Process and the Joy mans destiny on Earth In 2001 I died and became the god of resurrection In this divine state I promised to teach of the process and of the joy before returning to my body finding myself in a world of strange auras and weird synchronicity My hedonistic life of travel crumbled as I struggled to cope with the enormity of this experience and my new found view of the world Just as I was fi nding my feet I died again and travelled to the Godhead Through meditation I experienced the breathless state of Samadhi

and travelled the corridors of the cosmic temple of the wheel of time Through books I found confi rmation as to the nature of the resurrection initiation and its use by ancient shaman Egyptian Mayan and Indian kings as well as by Jesus and Plato This book is an attempt to fulfi I my souls promise and unveil the great mystery **Souls of Distortion Awakening** J. Wicherink, 2006-02-17 This book reunites science and spirituality after her roads separated 300 years ago More and more scientists are discovering that both disciplines are only two sides of the same coin We are on the verge of a major paradigm change in science where the immaterial subjective world of the mind can no longer be separated from the objective material world This leap in human consciousness was already foreseen by the ancients and American indigenous people like the Maya Hopi and Aztecs who prophesized that this transformation of consciousness would take place in our time This book takes you on a journey from the ancient wisdom to the most modern scientific insights and demonstrates how both can be united
