Flaubert The Problem Of Aesthetic Discontinuity:

Flaubert, the Problem of Aesthetic Discontinuity Marie J. Diamond, 1975 **Ascetic Modernism in the Work of T S Eliot and Gustave Flaubert** Henry Michael Gott, 2015-10-06 Gott examines Eliot's *The Waste Land* 1922 in conjunction with Gustave Flaubert's *La Tentation de Saint Antoine* 1874 He provides a highly original reading of both texts and argues that a stylistic affinity exists between the two works *Flaubert and Kafka* Charles Bernheimer, 1982-01-01 Although their styles appear remarkably different Flaubert and Kafka share a common identification with the writing process itself I am a human pen wrote Flaubert I am nothing but literature declared Kafka This stimulating book is the first to explore the link between these writers Introducing his conception of psychopoetics Charles Bernheimer brings new clarity to many controversial issues in psychoanalysis rhetoric and critical theory In chapters on Flaubert and Kafka he probes the desires and fears motivating each writer's search for a fully satisfying literary style His interpretation of the strategies the authors adopt to harness the negativity of writing reveals the creative function of such psychological phenomena as narcissism fetishism and sadomasochism The major works Bernheimer argues dramatize the conflict between the structures of Eros and Thanatos metonymy and metaphor through which they are constituted From this illuminating perspective he traces the genesis of each writer's mature style analyzes two early works *La Tentation de saint Antoine* and *The Judgment* and examines two late masterpieces *Bouvard et Pécuchet* and *The Castle* applying to the latter Walter Benjamin's description of the allegorical mode This highly original work of theoretical criticism will interest not only readers of Flaubert and Kafka but all students of literary theory and the creative process **The Cambridge Companion to Flaubert** Timothy Unwin, 2004-11-18 This volume brings together a series of essays by acknowledged experts on Flaubert It offers a coherent overview of the writer's work and critical legacy and provides insights into the very latest scholarly thinking While a central place is given to Flaubert's most widely read texts attention is also paid to key areas of the corpus that have tended to be overlooked Close textual analyses are accompanied by discussion of broader theoretical issues and by a consideration of Flaubert's place in the wider traditions that he both inherited and influenced These essays provide not only a robust critical framework for readers of Flaubert but also a fuller understanding of why he continues to exert such a powerful influence on literature and literary studies today A concluding essay by the prize-winning author Mario Vargas Llosa examines Flaubert's legacy from the point of view of the modern novelist Flaubert Writing Michal Peled Ginsburg, 1986 The author's starting point for this study was the conviction that Flaubert's difficulty in sustaining a narrative so evident in his early works was not entirely overcome even in the works of his maturity Flaubert seems to have a problem in generating his text and keeping it going What is the difficulty in generating a text How is it circumvented And most important how does this problem and the strategies used to overcome it shape the narrative The Poetry of Raymond Carver Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered

himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver s poems making a case for the quality of Carver s poetic output and showing the central role Carver s pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver s entire production and a distinguishing feature of Kleppe s book is its contextualization of Carver s poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver s poetry and short story careers situates Carver s poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver s use of the elegy genre within the context of his terminal illness Tellingly Carver s poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver s work suggests the appropriateness of Kleppe s culminating discussion of Carver s work as a bridge between the fields of literature and medicine

Madame Bovary Gustave Flaubert, 2009-09-01 In his Introduction MacKenzie discusses Flaubert's life the writing of *Madame Bovary* the world in which the novel is set and its publication and reception Footnotes a bibliography and a chronology are also provided *The Temptation of Saint Redon* Stephen F. Eisenman, Odilon Redon, 1992-12-15 Bristling with demons grotesques and bizarre apparitions the graphic work of Odilon Redon has often seemed to be the product of a mind unhinged In *The Temptation of Saint Redon* Stephen F Eisenman argues instead that these works are Redon's

conscious and considered response to changing social realities an attempt to find refuge from the forces of modernization in an imaginative world of the macabre and the fantastic Eisenman's careful attention to the circumstances of Redon's life 1840-1916 allows him to bring into focus the interconnections between Redon's complex style and the culture and society of his time Born and raised on a sixteenth century estate near Bordeaux Redon was immersed as a child in traditional rural culture I spent my entire childhood in the M doc completely free among peasant children he recalled in his memoirs I heard them tell supernatural tales witches still exist there Indeed local tales and legends of witches ghosts one eyed monsters evil eyes and wood fairies figure prominently in Redon's graphic works which he called his noirs or blacks After formal training at Bordeaux and Paris in the 1850s and 1860s Redon began to chart his independent artistic course Eisenman shows how rejecting both naturalism and classicism Redon a prototypical Symbolist found in grotesque and epic genres the expression of organic communities and precapitalist societies He places Redon's desire for this imagined world of superstitious simplicity a desire manifest in his entire mature artistic practice in the context of contemporary avant garde movements Redon's great noirs of the 1870s and 1880s dreamlike configurations of seemingly irreconcilable elements from portraits still lifes and landscapes show an increasingly subtle control of connotation and a complex indebtedness to caricature allegory and puns Many of the noirs also visually interpret works by like minded authors including Baudelaire Flaubert Poe and Mallarmé one of Redon's close friends Eisenman's analysis of the noirs underscores Redon's interest in creating an imaginative even fantastic art that could act directly on the human spirit In addition to deepening our understanding of Redon and his art *The Temptation of Saint Redon* exposes a link between place politics personal history and the artistic imagination

The Orient of Style Beryl Schlossman, 1991 In this study of modernist aesthetics Beryl Schlossman reveals how for such writers as Marcel Proust Gustave Flaubert and Charles Baudelaire the Orient came to symbolize the highest aspirations of literary representation She demonstrates that through allegory modernism became a style itself a style that married the ancient and the modern and that emerged as both a cause and an effect both an ideal construct and an textual materiality all symbolized by the Orient land of style place of plurality and site of the coexistence of holy lands Toward the end of *Remembrance of Things Past* the narrator describes the act of creating a work of art as a conversion of sensation into a spiritual equivalent By means of such allegories of conversion Schlossman shows the modernist artist disappeared within the work of art and left behind the trace of his sublime vocation a vocation in which he was transformed in Schlossman's words into a kind of priest kneeling at the altar of beauty before the masked divinity of representation The author shows how allegory the representation of the symbolic as something real was adapted by modernist writers to reflect subjectivity while masking an authorial origin She reveals how modernist allegory arose as Walter Benjamin suggests at the crossroads of history sociology economics urban architecture and art providing a kind of map of capitalism and was produced through the eyes of a melancholic gazing at a monument of absence
