How to Manage Twin Flame Separation Silvia Moon, 2019-04-15 I have so many fellow Twin Flames who contact me daily asking for advice, simple tips, and inspiration for a fresh perspective to keep doing the great work on their Twin Flame Journey. I know that this invigorating spiritual journey gets lonely and exhausting because it is very difficult to articulate to a close friend who is not experiencing the process of what you are going through. More so, so much information can be a lot to process and very confusing out there. I have created this simple book for all my readers who have more questions about your process and any Twin Flame who is searching for a simple guide to ease the challenges of Twin Flame separation during your Twin Flame journey. Please remember that this is a collection of my experiences and any advice that I give is from my perspective and the lessons that I have learned from being in a Twin Flame relationship for over two years. These simple methods and tips that I have laid down for you have worked for me to Surrender, Heal, and also to find Self-love and personal authenticity. I religiously worked hard with discipline and daily practice coupled with positive thinking for most of the simple practical examples in this simple book to work for me. I have managed to find peace and healing within myself. I feel complete and ready to take on life with passion and unconditional love in my heart. And

yes physical union finally is evident for me and my Twin Flame but Not all Twin Flames aspire to the physical union Some Twin Flames are not meant to end up as romantic partners because there are several reasons as to why Twin Flames unite in this lifetime Your Twin Flame partner is only a catalyst to your Spiritual awakening and growth This means that you will always feel connected to your Twin Flame in energy and love but you are responsible for your Soul Growth work especially during the physical separation phase The separation was much more complicated when I resisted my feelings for him Many times I tried to block out this love that I feel but It doesn t work by the way if you try to block out your Twin Flame love I feel connected to my Twin Flame as I did on day one but the only difference is that Love has grown over time I don t remember when I fell in love with him because it feels like I have always loved him This book is here to be a simple kind of help to ease any kind of pain and frustration that you are experiencing right now due to the stress of being in physical separation from your Twin Flame I truly understand what you are going through right now if you are also struggling to balance the emotional highs and lows of your Twin Flame process The emotional pain and the heartache you are feeling because you are physically separated from your Twin Flame is natural because they are the other part of your soul I understand your pain and I have been where you are right now but I promise you that everything will be all right this phase too shall pass because the Twin Flame process gets easier as you learn to balance your Twin Flame situation with your reality Feel free to pick out whatever information that resonates with you and your Twin Flame situation Please keep an open mind as you read this book because every Twin Flame experience is unique to every Twin Flame pair My perspective in this book is personal and if any of my methods or tips don t resonate with your experience that is okay because the more we compare and contrast our experiences the more we end up with more improved results that can help other Twin Flames who are new to this experience I am available in my contacts for further questions and clarifications I wish you the best of luck on your journey Stay in love and very much blessings to you Yours in Light Silvia Moon
