Flames Over Persepolis Turning Point In History:

Flames Over Persepolis Mortimer Wheeler (Sir.), 1968 **Flames over Persepolis: turning-point in history**
Mortimer Wheeler, **Bridge between the Testaments** Donald E. Gowan, 1986-01-01 Pittsburgh Theological Monograph
Series General Editor Dikran Y Hadidian The Oxford History of the Ancient Near East Karen Radner, Nadine
Moeller, Daniel T. Potts, 2023 The fifth volume of the Oxford History of the Ancient Near East covers the period from the
second half of the 7th century BC until the campaigns of Alexander III of Macedon 336 323 BC brought an end to the
Achaemenid Dynasty and the Persian Empire Tying together periods and political history covered by previous volumes in the
series this title focuses on the Persian Empire's immediate predecessor states Saite Egypt the Neo Babylonian Empire and
the kingdom of Lydia among other kingdoms and tribal alliances *Thundering Zeus* Frank L. Holt, 2023-12-22 Thundering
Zeus uses an innovative interdisciplinary approach to resolve one of the greatest puzzles in all of Hellenistic history This
book explores the remarkable rise of a Greek ruled kingdom in ancient Bactria modern Afghanistan during the third century
B C Diodotus I and II whose dynasty emblazoned its coins with the dynamic image of Thundering Zeus led this historic
movement by breaking free of the Seleucid Empire and building a strong independent state in Central Asia The chronology
and crises that defined their reigns have been established here for the first time and Frank Holt sets this new history into the
larger context of Hellenistic studies The best sources for understanding Hellenistic Bactria are archaeological and they
include a magnificent trove of coins In addition to giving a history of Bactria Thundering Zeus provides a catalog of these
coins as well as an introduction to the study of numismatics itself Holt presents this fascinating material with the precision
and acuity of a specialist and with the delight of an admirer providing an up to date full catalog of known Diodotid coinage
and illustrating twenty three coins This succinct energetic narrative thunders across the history of Hellenistic Bactria
exhuming coins kingdoms and customs as it goes The result is a book that is both a history and a history of discovery with
much to offer those interested in ancient texts archaeology and coins Thundering Zeus uses an innovative interdisciplinary
approach to resolve one of the greatest puzzles in all of Hellenistic history This book explores the remarkable rise of a Greek
ruled kingdom in ancient Bactria modern Afghanistan during the The King's Shadow Edmund Richardson, 2022-04-05
Impeccably researched and written like a thriller Edmund Richardson's The King's Shadow is the extraordinary untold and
wild journey of Charles Masson think Butch Cassidy and the Sundance Kid meets Indiana Jones and his search for the Lost
City of Alexandria in the Wild East during the age of empires kings and spies For centuries the city of Alexandria Beneath the
Mountains was a meeting point of East and West Then it vanished In 1833 it was discovered in Afghanistan by the unlikely
person imaginable Charles Masson deserter pilgrim doctor archaeologist spy one of the most respected scholars in Asia and
the greatest of nineteenth century travelers On the way into one of history's most extraordinary stories he would take tea
with kings travel with holy men and become the master of a hundred disguises he would see things no westerner had

glimpsed before and few have glimpsed since He would spy for the East India Company and be suspected of spying for Russia at the same time for this was the era of the Great Game when imperial powers confronted each other in these staggeringly beautiful lands Masson discovered tens of thousands of pieces of Afghan history including the 2 000 year old Bimaran golden casket which has upon it the earliest known face of the Buddha He would be offered his own kingdom he would change the world and the world would destroy him This is a wild journey through nineteenth century India and Afghanistan with impeccably researched storytelling that shows us a world of espionage and dreamers ne er do wells and opportunists extreme violence both personal and military and boundless hope At the edge of empire amid the deserts and the mountains it is the story of an obsession passed down the centuries

The Hellenistic Far East Rachel Mairs,2014-11-24 In the aftermath of Alexander the Great s conquests in the late fourth century B C Greek garrisons and settlements were established across Central Asia through Bactria modern day Afghanistan and into India Over the next three hundred years these settlements evolved into multiethnic multilingual communities as much Greek as they were indigenous To explore the lives and identities of the inhabitants of the Graeco Bactrian and Indo Greek kingdoms Rachel Mairs marshals a variety of evidence from archaeology to coins to documentary and historical texts Looking particularly at the great city of Ai Khanoum the only extensively excavated Hellenistic period urban site in Central Asia Mairs explores how these ancient people lived communicated and understood themselves Significant and original The Hellenistic Far East will highlight Bactrian studies as an important part of our understanding of the ancient world

The Treasures of Alexander the Great Frank L. Holt,2016-03-04 War the most profitable economic activity in the ancient world transferred wealth from the vanquished to the victor Invasions sieges massacres annexations and mass deportations all redistributed property with dramatic consequences for kings and commoners alike No conqueror ever captured more people or property in so short a lifetime than Alexander the Great in the late fourth century BC For all its savagery the creation of Alexander s empire has generally been hailed as a positive economic event for all concerned Even those harshly critical of Alexander today tend to praise his plundering of Persia as a means of liberating the moribund resources of the East To test this popular interpretation The Treasures of Alexander the Great investigates the kinds and quantities of treasure seized by the Macedonian king from gold and silver to land and slaves It reveals what became of the king s wealth and what Alexander s redistribution of these vast resources can tell us about his much disputed policies and personality Though Alexander owed his vast fortune to war battle also distracted him from competently managing his spoils and much was wasted embezzled deliberately destroyed or idled unprofitably The Treasures of Alexander the Great provides a long overdue and accessible account of Alexander s wealth and its enormous impact on the ancient world

The Culture and Social Institutions of Ancient Iran Muhammad A. Dandamaev,Vladimir G. Lukonin,2004-11-11 The authors look in detail at the highly developed social institutions of the Achaemenid Empire

Lost World of the Golden King Frank L. Holt,2012-10-18 Drawing on ancient historical writings the

vast array of information gleaned in recent years from the study of Hellenistic coins and startling archaeological evidence newly unearthed in Afghanistan Frank L Holt sets out to rediscover the ancient civilization of Bactria In a gripping narrative informed by the author s deep knowledge of his subject this book covers two centuries of Bactria s history from its colonization by remnants of Alexander the Great s army to the kingdom s collapse at the time of a devastating series of nomadic invasions Beginning with the few tantalizing traces left behind when the empire of a thousand cities vanished Holt takes up that trail and follows the remarkable and sometimes perilous journey of rediscovery Lost World of the Ancient King describes how a single bit of evidence a Greek coin launched a search that drew explorers to the region occupied by the tumultuous warring tribes of eighteenth and nineteenth century Afghanistan Coin by coin king by king the history of Bactria was reconstructed using the emerging methodologies of numismatics In the twentieth century extraordinary ancient texts added to the evidence Finally one of the thousand cities was discovered and excavated revealing an opulent palace treasury temple and other buildings Though these great discoveries soon fell victim to the Afghan political crisis that continues today this book provides a thrilling chronicle of the search for one of the world s most enigmatic empires Greco-Buddhist Relations in the Hellenistic Far East Olga Kubica,2023-04-14 This book provides the first comprehensive and interdisciplinary view of the relationship between the Greeks and Buddhist communities in ancient Bactria and Northwest India from the conquests of Alexander the Great to the fall of the Indo Greek kingdom circa 10 AD The main thesis of this book is the assumption that despite the presence of mutual relationships and interactions between the Greeks and Buddhist inhabitants of the Hellenistic Far East the phenomenon known conventionally as Greco Buddhism never truly occurred The individual chapters of this book provide an analysis of the main sources for Greco Buddhist relations mainly textual but also archaeological and numismatic The methods of philological and historical research are used in combination with postcolonial approaches to the study of the Greeks in India drawing from sociological research on ethnicity and intercultural relations It is a rich source of information for anyone interested in Greco Buddhist relations and is a great starting point for further research in this area This volume is a valuable resource for students and scholars working on the Greco Bactrian and Indo Greek kingdoms both classicists and those working on early Indian history as well as those working on cultural exchange in the Hellenistic world Alexander the Great Failure John D Grainger,2009-08-11 In this authoritative book John Grainger explores the foundations of Alexander s empire and why it did not survive after his untimely death in 323 BC **Cities That Shaped the Ancient World** John Julius Norwich,2014-11-11 An illuminating and evocatively illustrated tour of forty of the greatest cities that shaped the ancient world and its civilizations from China and Mesoamerica to Europe and Ethiopia Today we take living in cities with all their attractions and annoyances for granted But when did humans first come together to live in large groups creating an urban landscape What were these places like to inhabit More than simply a history of ancient cities this volume also reveals the art and architecture created by our ancestors and provides a fascinating exploration of the

origins of urbanism politics culture and human interaction Arranged geographically into five sections Cities That Shaped the Ancient World takes a global view beginning in the Near East with the earliest cities such as Ur and Babylon Troy and Jerusalem In Africa the great cities of Ancient Egypt arose such as Thebes and Amarna Glorious European metropolises including Athens and Rome ringed the Mediterranean but also stretched to Trier on the turbulent frontier of the Roman Empire Asia had bustling commercial centers such as Mohenjodaro and Xianyang while in the Americas the Mesoamerican and Peruvian cultures stamped their presence on the landscape creating massive structures and extensive urban settlements in the deep jungles and high mountain ranges including Caral and Teotihuacan A team of expert historians and archaeologists with firsthand knowledge and deep appreciation of each site gives voices to these silent ruins bringing them to life as the bustling state of the art metropolises they once were *Makers of the Western Tradition* J. Kelley Sowards,1997-01-15 Through six widely adopted editions *Makers of the Western Tradition* has successfully drawn students into the study of history through a biographical approach to important facts and events In two volumes this book examines the impact of 27 key historical figures while it familiarizes students with varieties of historical sources and interpretation

Africa and Archaeology Merrick Posnansky,2009-04-30 In this stimulating account of his life s experiences Africanist archaeologist Merrick Posnansky takes his readers on an unusual journey across the world from his origins in a small Jewish community in Manchester to his adventures on archaeological sites in the villages of Africa before finally settling down to teach in Los Angeles A Jewish British expatriate in an African social world Posnansky struggled to establish his racial identity in the British colonial world where Jewish communities were rare He crossed racial and religious boundaries by marrying a Christian woman from Uganda a highly unusual step at that time Written in a candid style these memoirs provide a fascinating glimpse into the changes taking place in modern Africa *Indian Archaeology After Independence* Himanshu Prabha Ray,Ajay Yadav,2025-08-01 The book presents the challenges faced by the Archaeological Survey of India ASI in the first two and a half decades after Indian independence It looks at the shifts in Government policies how ASI found its feet in a global environment and the new realities of economic development such as big dam constructions that invariably resulted in the submergence of archaeological sites Based on unpublished archival data this book highlights the contributions of the longest serving Director General Amalananda Ghosh and members of his staff It thus provides a corrective to the histories of archaeology that describe the policies of the post 1947 ASI as a continuation of colonial archaeologists such as Mortimer Wheeler who was appointed Director General at the cusp of Indian independence in 1944 by the British The book will be indispensable to researchers and scholars of history heritage studies and archaeology and South Asian studies It will also be of appeal to those interested in the history of archaeology and the development of the discipline in India *Introduction to Ancient History* Herman Bengtson,2023-07-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact

Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1970 **Alexander the Great and Bactria** Frank Lee Holt,1988 This study should appeal to anyone interested in the civilizations of Greece and Central Asia from the expert to the undergraduate **Annual Bibliography of Indian Archaeology** Kern Institute,E.C.L. During Caspers,2012-12-06
 Studia Orientalia ,1997
