The Harder They Fall Debbie McGowan, 2013-06-12 A fatal plane crash in Kathmandu A fateful high school reunion The wedding of the year and a honeymoon that eight best friends will never forget Emotions run riot in Debbie McGowan's most recent addition to the highly acclaimed Hiding Behind The Couch series Delve deeper into the lives, lies and loves of your favourite characters in this touching tale where twists and turns abound Whilst Dan battles for his life in Kathmandu back home preparations for Eleanor's wedding are interrupted by events that exhume painful memories from the past forcing Josh to finally come clean about his true feelings A novel that sparkles and comes to life in your imagination unlike any other The strangest honeymoon ever in which a hot tub and a Labrador play a leading role I can't recommend this highly enough there is no way you could fail to fall in love with these characters and be sucked into their lives The Harder They Fall is season three in the Hiding Behind The Couch series The story follows chronologically from No Time Like The Present Season Two The story continues in Crying in the Rain Novel runs parallel with the second half of The Harder They Fall First Christmas Novella and In The Stars Part I Season Four **WARNING** this story deals with themes of depression and suicide ideation

Longacre, 2013-11-21 In that The Anatomy of Speech Notions 1976 was the precursor to The Grammar of Discourse 1983 this revision embodies a third edition of some of the material that is found here The original intent of the 1976 volume was to construct a hierarchical arrangement of notional categories which find surface realization in the grammatical constructions of the various languages of the world The idea was to marshal the categories that every analyst regardless of theoretical bent had to take account of as cognitive entities The volume began with a couple of chapters on what was then popularly known as

case grammar then expanded upward and downward to include other notional categories on other levels Chapters on discourse monologue and dialogue were buried in the center of the volume In the 1983 volume the chapters on monologue and dialogue discourse were moved to the fore of the book and the chapters on case grammar were made less prominent the volume was then renamed *The Grammar of Discourse* The current revision features more clearly than its predecessors the intersection of discourse and pragmatic concerns with grammatical structures on various levels It retains and expands much of the former material but includes new material reflecting current advances in such topics as salience clines for discourse rhetorical relations paragraph structures transitivity ergativity agency hierarchy and word order typologies The Cosmopolitan, 1922
