## **Collection Development Issues in the Online Environment**

Di Su, 2013-10-28 Expand your knowledge of problems and possibilities with electronic material acquisitions around the world to aid in making your own decisions The demand for electronic material in academic libraries is growing and shows no sign of abating Collection Development Issues in the Online Environment addresses key issues in electronic materials development and presents cutting edge practices from academic libraries around the world Leading authorities reveal insights on both common and special concerns that every library administrator can use in making decisions about their own collections The text also presents real life case studies illustrating approaches that can be modified for effective planning of your own library acquisitions The strategies are practical the information clear and helpful all of it contained in a single useful volume that every information science professional or academic can use Collection Development Issues in the Online Environment is separated into three sections The first section tackles issues common to most academic libraries such as electronic journal delivery and budgeting The second section addresses special library digital issues such as the preservation and dissemination of unique types of information such as annual reports The final section delves into the future of library electronic acquisitions and the coming challenges This text is carefully referenced and includes tables and figures to enhance understanding of the subjects Collection Development Issues in the Online Environment topics include virtual learning environments VLE problems of pricing and access with individually ordered or packaged electronic journals budgeting issues in electronic resources management of electronic only versions of journals electronic vs paper serials including selection criteria of each

copyright law and its impact on electronic acquisitions subscriptions to databases and the variations in depth and quality of indexing the challenges in creation of an electronic collection of historical annual reports costs and delivery options for unbundled and integrated media materials systematic incentives to implement archiving of peer reviewed papers produced by faculty PDA serials issues Collection Development Issues in the Online Environment is helpful horizon expanding information for librarians library administrators archivists publishers and library and information science educators and students

Collection Management John Kennedy, 2006-06-01 The rapidly increasing reliance on digital rather than print based resources has not diminished the importance of library collection management but it has required significant modification in the thinking and the practice of collection managers who today usually have to consider their clients need for both print based and digital materials This updated edition aims to provide a concise overview of the major elements of contemporary collection management of print and digital resources including policy formulation selection acquisition evaluation preservation deselection and cooperative collecting in a way which aims to be of interest to the student and to any other reader seeking an understanding of a particularly dynamic area of librarianship Much that has been previously published on collection management focuses on academic libraries particularly those in North America This book places greater emphasis on the experiences of smaller public and special libraries and attempts to view its subject from the perspective of libraries in Australia and other countries geographically remote from North America and Western Europe Dr John Kennedy has taught collection management at Charles Sturt University for over a decade and has produced several previous publications on the subject

**Strategic Marketing in Library and Information Science** Irene Owens, 2002 Combine marketing and strategic planning techniques to make your library more successful With cutting edge research studies as well as theoretical chapters that have not been seen before in the marketing literature for LIS this book examines the current and quite limited state of marketing by LIS practitioners and institutions It provides you with examples of how marketing can be made more widely applicable within LIS and illustrates some of the usefulness of marketing in special LIS settings and contexts The book explains how and why managers should combine marketing strategy with strategic planning and demonstrates the means by which LIS could move toward a more full fledged use of marketing relationship marketing and social marketing in particular In order to be a more effective tool Strategic Marketing in Library and Information Science is divided into two sections The Basis and Context for Marketing theoretical information and The Application of Marketing practical applications that you can put to use in your institution Chapters cover existing literature on marketing in LIS what it has to offer and what it lacks strategic planning that must take place before marketing money is spent the branding process and how it can be helpful in LIS marketing a marketing method for bridging the gap between staffing needs and the current shortage of librarians a way to use relationship marketing techniques to respond to the challenge of marketing electronic resources marketing applications relevant to theological libraries the effective use of social marketing at the Austin History
