From Vision to Excellence Karen T. Hammond, 1996 **SUNY at Sixty** John B. Clark, W. Bruce Leslie, Kenneth P. O'Brien, 2010-02-01 A close examination of the history accomplishments and potential of the State University of New York system The State University of New York is America's largest comprehensive public university system with sixty-four campuses including community colleges colleges of technology university colleges research universities medical schools academic medical centers and specialized campuses in fields as diverse as optometry ceramics horticulture fashion forestry and maritime training Despite its reputation for wide access demanding academic programs vital public services and cutting edge research little has been written about its fascinating history Originating in a lively conference held in spring 2009 to mark SUNY's sixtieth anniversary the book's authors examine SUNY's origins political landscape evolving mission institutional variety international partnerships leadership and more Taking its place alongside studies of state systems such as those in California Michigan and Texas this book is a long overdue effort to return SUNY to the national conversation about public higher education during the last half century Edited by a former interim chancellor of the system and two SUNY history professors and with a foreword by current Chancellor Nancy L. Zimpher this book is essential reading for anyone interested in the problems and promise of public higher education in New York State or indeed anywhere Who's Who of American Women 2004-2005 Inc. Marquis Who's Who, Who's Who Marquis, 2004-06 A biographical dictionary of notable living women in the United States of America **Field Hearing in New York** United States. Congress. House. Committee on Small Business. Subcommittee on Contracting and Workforce, 2013 Beyond Whiteness Jonathan Karp, 2023-12-15 The concept of ethnicity once in vogue has largely gone out of fashion among twenty-first century social scientists now replaced by models of assimilation defined in terms of the construction of whiteness and white supremacy *Beyond Whiteness* Revisiting Jews in Ethnic America explores the benefits of reconfiguring the ethnic concept as a tool to analyze the experiences of twentieth-century American Jews not only in relation to other white groups of European descent but also African Americans and Asian Americans among others The essays presented here ranging from comparative studies of Jews and Asians as model minorities to the examination of postethnic Jews of color demonstrate that expanding ethnicity beyond the traditional Eurocentric frame can yield fresh insights into the character of Jewish life in the modern United States

Viable Utopian Ideas Art Shostak, 2015-06-11 Utopias whether philosophical literary or actual experiments are attempts to solve all social problems In the wake of the attack on the World Trade Center unfolding corporate scandals and other devastating shocks it is natural to search for practical lessons in utopian literature In this collection noted sociologists renew the call to develop an altruistic social order They address a wide variety of topics as they look for viable utopian ideas that can be applied to today's society Written in an engaging jargon-free style and directed to introductory sociology students as well as anyone concerned with social problems the book provides both visionary ideals and insights for pragmatic decision
