PUBLIC SAFETY SUICIDE Mary Van Haute, John M. Violanti, 2015-01-01 This book takes an individual human approach to the problem of suicide in public safety occupations As a researcher in suicide coauthor John Violanti relies heavily upon statistics to make the case for prevention These worthwhile statistics help to form the big picture but one must keep in mind that these are just statistics and not people With coauthor Mary Van Haute and her knowledge of the human condition and experience in interventions she adds the human dimension by relating her stories of real people who worked in public safety occupations and their difficult and sometimes tragic consequences with near and completed suicide Added to her expertise is her own life experience she is a survivor of her brother's death by suicide For the reader the book provides a detailed insight into the reality of suicide and how it tears into the very fiber of being human in an occupational culture that requires one to forget emotions feelings and at times compassion Stigma and a myriad of misnomers silence the majority of suicide attempt survivors robbing suicide prevention specialists of lifesaving knowledge and perspective Here are the stories of people who have balanced the risk of being judged and misunderstood with the value of being a mentor and role model to others They share their stories about living with mental illness addiction and suicide in the hopes that it will have a positive impact on the readers and ultimately save a life It is also a look back at the beaten path of Van Haute's own double road of grief from a time of ignorance through years of hard knocks education to a point of peaceful resolve the trials and tasks facing a survivor of suicide loss are chronicled Each chapter concludes with a case analysis of lessons learned from the story courageously shared This book is an opportunity to see that there is life after lifelessness hope after hopelessness and peace after restlessness

Choosing Love MB Panichi, 2017-05-01 Amry Marasich is a lesbian novelist whose day job is editing for a local paper in Minneapolis Vacationing in her hometown of Hibbing in northern Minnesota's spectacular Iron Range she meets forestry officer Takoda Running Bear while cycling the scenic Mesabi Trail The attraction between them is instantaneous and almost magical Unfortunately reality rears its ugly head in the form of Amry's homophobic siblings Although they both profess to love the sinner hate the sin like so many of their ilk hate seems to be the operative word reviving in Amry painful

memories of growing up different in a close minded small town and reminding her of why she chose to leave it for the anonymity of the big city Neither Amry nor Takoda are interested in a summer romance so the geographically challenged couple struggle to make time for each other with long phone calls and short passionate visits But for Amry falling in love would mean falling back into a life she fled When fate turns her world upside down will she have the courage to surrender the past and commit to a new life and an unknown future with Takoda Author of Running Toward Home and Saving Morgan Bella s MB Panichi won a GCLS Goldie for Best Sci Fi Fantasy and was a Goldie finalist for Best Debut author **Stage Iv Addiction** B.L. Marks,2015-06-03 The author is writing about her son s STAGE IV ADDICTION How it affected not only the addict himself but his entire family This is a cautionary tale about a son who not only found his drug accidentally but also got the gene of addiction In the beginning of her book she writes about the misconceptions of both addiction and the addict When her son first started with his disease the author had that gut feeling that this disease was going to take him down and unfortunately she was correct She discusses how she feels that the difference between enabling and unconditional love is a very fine line The fact that this is not a life of self indulgence Addiction is a life of self destruction When her son first started with his addiction back in the 90s if you didn t have insurance then you didn t get treatment and it remains that way today unless you are court mandated into a program That she feels treatment at that point in time was somehow lacking Mental health issues were a crucial factor in their treatment It seems that only recently society has realized this The author feels that the reality of the addict when he gets back into society is key to their recovery They need to learn how to deal with their reality and the systems must change in order for them to do so Society seems to be scrambling because now the face of addiction can be any of us It is at epidemic stage and it is all you read and hear about on the news This is not a new disease and this is not something that has just recently start to affect the ordinary person This young man was not the typical face of addiction you would not have picked him out of a crowd as being the one to turn out to be a heroin addict but he did She feels that addiction is not only a serious mental health issue but should also be staged like any other disease that has the capability of taking a person s life For some of these addicts rock bottom is death
