Combining philosophy, science, and literature, *Mythic Worlds and the One You Can Believe In* examines lingering misconceptions of world history as a continuing source of international tension. Awareness of the natural continuum, currently gauged at some 13.8 billion years, overall disarms sectarian zealotry and in retrospect explains some of the difficulties the literary and philosophical traditions have had in accommodating their beliefs to what undeniably exists. To this day, beliefs incompatible with natural history continue to intensify nationalism and support terrorist movements. As a work mainly in natural philosophy, this book uses the consensus natural continuum to critique the more prominent and durable misconceptions. **Milton's Visual Imagination** Stephen B. Dobranski, 2015-10-14. Critics have traditionally found fault with the descriptions and images in John Milton's poetry and thought of him as an author who wrote for the ear more than the eye. In *Milton's Visual Imagination*, Stephen B. Dobranski proposes that on the contrary, Milton enriches his biblical source text with acute and sometimes astonishing visual details. He contends that Milton's imagery, traditionally disparaged by critics, advances the epic's narrative while expressing the author's heterodox beliefs. In particular, Milton exploits the meaning of objects and gestures to overcome the inherent difficulty of his subject and to accommodate seventeenth-century readers. Bringing together Milton's material philosophy with an analysis of both his poetic tradition and cultural circumstances, this book is a major contribution to our understanding of early modern visual culture as well as of Milton's epic. **Corpus Christi** Miri Rubin, 1991. A paperback edition of Miri Rubin's highly successful study of the meaning of the eucharist c. 1150-1500. **Vampire Redemption** Terry Spear, 2020-03-25. Huntress Pasha wants revenge against the vampire who had decimated her family of hunters, and she's sure she's found her mate: a hunter who saved her and helped free her family. But he is a hunter turned vampire now, and as much as she hates the vampires for what they've done to her and her family, she scorns any notion of settling down with one. Zachary is in love with one hot-blooded huntress, and he'll do anything to save her and her family from the vampires who had taken them hostage. But now he's one of them, and he can't come to grips with what he's become. He's on a mission to help Pasha eliminate the vampires who destroyed her family, and hopes he will fall in battle an honorable way to die as a hunter, eliminating rogue vampires who threaten mankind. But just maybe being a hunter turned vampire isn't the worst thing that can happen to him if he can have an edge against the vampires: if only he wasn't shunned by the huntress, he has lost his heart to. **Milton's Paradise Lost** M. Thickstun, 2007-04-16. This book reads Milton's *Paradise Lost* as a poem that seeks to educate its readers by narrating the education of its main characters. **Littell's Living Age** Eliakim Littell, Robert S. Littell, 1873. *The Exchange* WD
