EgoSpiritualism Linda M. Martin Mh.D, Nikolas Martin, 2015-11-13 Before we can transcend our humanity and deepen our spirituality we must transform our ego Many of us are taking steps to embrace a spiritual path and others are unaware that this path exists We all face the same significant obstacle our ego An unconscious imbalanced ego can delay distort disturb or destroy our efforts to transcend the limitations of our humanity and deepen our spiritual consciousness EgoSpiritualism Awakening to Your Human and Divine Self shows us that we must transform and heal our ego not dissolve disown or defeat it in order to merge our humanity and Divinity The result is a more fully and deeply lived human and spiritual experience

Civiliesation Daryl Conant M. Ed., 2015-02-23 civilIESation The Undeniable Truth is an in depth look at what we are who we are and the ultimate purpose of our existence The cosmos is a grand miracle and though we dont know its origin or purpose one thing does remain true and that is that the entire cosmos is made up of energy the energy of creation The Earth is a living biosphere that is a product of the atomic expansion of the universe The Earths containment system allows for the sustainability of life During the early stages of civilization life was reckless barbaric and uncontained It would take thousands of years for the primitive energy to evolve into a sophisticated civilized energy One of the key factors for a shift in human behavior was through the conception of ego energy The ego would be responsible for the governing power of civilization known as The Mass of Collective Energy CivilIESation explores illusionary perceptions projections and reflections of the ego CivilIESation is a presentation of conscious awareness *The Illusion of Self* Guy Stanley, 2015-07-08 The Illusion of Self opens the reader to challenge the perception the Ego creates within the physical mind From birth we form our concept of self through ideas actions and reactions of the life experience It is a composite of all the influences of our lifetime our struggles our likes dislikes our wants and desires It continues to develop through life s challenges creating in itself the illusions of an idea of what is In reality it s all an illusion of how we observe life The Illusion of Self exposes these perceptions and directs the reader to consider Truth and its meaning Truth Vs Illusion: What Is Life About? Joy Su, 2018-09-08 If you have ever asked yourself these questions this is the book for you What is the meaning of life Why do people suffer What is in control of my life Why is life the way it is How can I stop suffering and be happy How can I have a successful life How can I have a life I like to have How can I be the person I like to be How can I be wiser and smarter How can I have good and harmonious relations with others Why do people meditate to achieve enlightenment What is the true meaning of spiritual practice Why all beings are one Illusion's Game Chogyam Trungpa, 1994-06-28 In what he calls a 200 percent potent teaching Ch gyam Trungpa reveals how the spiritual path is a raw and rugged unlearning process that draws us away from the comfort of conventional expectations and conceptual attitudes toward a naked encounter with reality The tantric paradigm for this process is the story of the Indian master Naropa 1016 1100 who is among the enlightened teachers of the Kagyu lineage of the Tibetan Buddhism Naropa was the leading scholar at Nalanda the Buddhist monastic university

when he embarked upon the lonely and arduous path to enlightenment After a series of daunting trials he was prepared to receive the direct transmission of the awakened state of mind from his guru Tilopa Teachings that he received including those known as the six doctrines of Naropa have been passed down in the lineages of Tibetan Buddhism for a millennium Trungpa's commentary shows the relevance of Naropa's extraordinary journey for today's practitioners who seek to follow the spiritual path Naropa's story makes it possible to delineate in very concrete terms the various levels of spiritual development that lead to the student's readiness to meet the teacher's mind Trungpa thus opens to Western students of Buddhism the path of devotion and surrender to the guru as the embodiment and representative of reality

The Quest for truth Sheikh Aly N'Daw, 2014-04-01 The Quest for Truth is a journey of self awareness and self discovery The author Sheikh Aly N Daw invites us to develop a profound understanding of our inherent Being and the factors that can interfere with our original nature True understanding can only come from the heart It is only through the profound dimension of the heart that the Being can understand the world of illusion that permeates all aspects of human life This dimension of understanding is the starting point of the awakening process According to the author there is no need to retreat to the mountains to be awakened We only need to be fully aware of the nature of illusion in order to come out of it and start living in an awakened state As the Being awakens it develops the audacity to live fully in the present moment and surpass any perceived insecurity challenges or perils The Being is then able to attain the divine state of selflessness and experience Truth as a profound inner reality as did many peacemakers who have proposed viable alternative social and economic models which respect human dignity and promote true human development
