Bibliographic Guide to Psychology New York Public Library. Research Libraries,1985 **Moonbird** Grania Davis,1986-12-01 Journey to the exotic South Sea island of Bali a magical land of dark jungles of ancient Gods and terrifying demons Madai lives on Bali and dreams of life beyond his island paradise Yet his wildest dream could not prepare him for the odyssey that lies ahead after he finds a moonstone amulet that introduces him to the spirit world **Eagles** Maggie Davis,2014-04-01 A thrilling novel of military lives and loves as USAF pilots ignite the engines of their F 15 Eagles and take to the skies They are intoxicating seductresses willing to do anything absolutely anything for love however these women can t rival the military aspirations of their men The women try to fill the holes left in their hearts but how much longer can they survive loneliness and rejection How do they take possession of their men s hearts hearts that only have room for the liberating expanse of the sky The only way they can reach their stuck in the clouds men is to use illicit affairs sinful seduction and murder to fly like EAGLES **I'm Glad I'm Me** Mike Higgs,Sally McNulty,1984-01-01 Charlie desires to be something or someone else until Moonbird points out all the reasons he has to feel lucky just as he is Moonbird Phillip Hoose,2014-03-25 B95 can feel it a stirring in his bones and feathers It s time Today is the day he will once again cast himself into the air spiral upward into the clouds and bank into the wind He wears a black band on his lower right leg and an orange flag on his upper left bearing the laser inscription B95 Scientists call him the Moonbird because in the course of his astoundingly long lifetime this gritty four ounce marathoner has flown the distance to the moon and halfway back B95 is a robin sized shorebird a red knot of the subspecies rufa Each February he joins a flock that lifts off from Tierra del Fuego headed for breeding grounds in the Canadian Arctic nine thousand miles away Late in the summer he begins the return journey B95 can fly for days without eating or sleeping but eventually he must descend to refuel and rest However recent changes at ancient refueling stations along his migratory circuit changes caused mostly by human activity have reduced the food available and made it harder for the birds to reach And so since 1995 when B95 was first captured and banded the worldwide rufa population has collapsed by nearly 80 percent Most perish somewhere along the great hemispheric circuit but the Moonbird wings on He has been seen as recently as November 2011 which makes him nearly twenty years old Shaking their heads scientists ask themselves How can this one bird make it year after year when so many others fall National Book Award winning author Phillip Hoose takes us around the hemisphere with the world s most celebrated shorebird showing the obstacles rufa red knots face introducing a worldwide team of scientists and conservationists trying to save them and offering insights about what we can do to help shorebirds before it s too late With inspiring prose thorough research and stirring images Hoose explores the tragedy of extinction through the triumph of a single bird Moonbird is one The Washington Post s Best Kids Books of 2012 A Common Core Title **Prairie Farmer** ,1911 Moonbirds Michelle Levigne,2024-10-13 K reeth and her sister K rin were named for the moonbirds sister raptor birds who share parenting

Hackney,2018-12-01 Most of the literature involving the work of women leaders has addressed barriers that historically have required women to struggle to get to the top the styles of women leaders and gender issues women leaders continue to face in society and the workplace Nearly missing in the literature is the perspective that women who possess positional power also have a responsibility to make a positive constructive difference with that power Though many women have made that kind of a difference the purpose of this book is to prompt other women leaders to ask themselves the question So how does my leading make a positive difference to my organization to my society to my world This book will offer inspiration guidance and affirmation to women who seek to lead from goodness justice and the power of difference they bring to the organization The book will include references to the authors autobiographical experiences as leaders in K 12 and higher education as well as to women whose stories of leadership are of particular interest an artist a philanthropist a community activist teacher and school leadership educators These references will scaffold the construction of a theory of leadership that circles around awareness of self and others and the social consciousness courage humility and generosity of spirit that is characteristic of leading from the feminist soul *The American Issue* ,1911 *An Open Book: What and How Young Children Learn From Picture and Story Books* Jessica S.
