FYFE, JUDITH KENNY, 2020-04-15 Drawing on a rich diversity of theoretical approaches and analytical strategies urban geographers have been at the forefront of understanding the global and local processes shaping cities and of making sense of the urban experiences of a wide variety of social groups Through their links with those working in the fields of urban policy design urban geographers have also played an important role in the analysis of the economic and social problems confronting cities Capturing the diversity of scholarship in the field of urban geography this reader presents a stimulating selection of articles and excerpts by leading figures Organized around seven themes it addresses the changing economic social cultural and technological conditions of contemporary urbanization and the range of personal and public responses It reflects the academic importance of urban geography in terms of both its theoretical and empirical analysis as well as its applied policy relevance and features extensive editorial input in the form of general section and individual extract introductions Bringing together in one volume classic and contemporary pieces of urban geography studies undertaken in the developed and developing worlds and examples of theoretical and applied research it provides in a convenient student friendly format an unparalleled resource for those studying the complex geographies of urban areas **Rights to Public Space** Sig

Langegger, 2016-12-21 This book examines the roles that public space plays in gentrification Considering both cultural norms of public behavior and the municipal regulation of behavior in public it shows how commonplace acts in everyday public spaces like sidewalks streets and parks work to establish neighborhood legitimacy for newcomers while delegitimizing once authentic public practices of long timers With evidence drawn from the formerly Latino neighborhood of Highland in Denver Colorado this ethnographic study demonstrates how the regulation of public space plays a pivotal role in neighborhood change First there is often a profound disharmony between how people from different cultural complexes interpret and sanction behavior in everyday public spaces Second because regulations codes urban design and enforcement protocols are deliberately changed commonplace activities longtime neighborhood residents feel they have a right to do along sidewalks and streets and within their neighborhood parks sometimes unexpectedly misalign with what is actually possible or legal to do in these publicly accessible spaces Quality-of-Life Community Indicators for Parks, Recreation and Tourism

Management Megha Budruk, Rhonda Phillips, 2010-11-25 While community quality of life indicators are gaining much needed attention in both scholarly work and practice their application in the areas of parks recreation and tourism management are not as well known The applicability of indicator systems for natural resource and natural resource area management within the parks and recreation arena is very high including urban parks and recreation programs and their influence on quality of life Tourism is also an area that needs much more work in terms of assessing impacts as well as developing indicators for gauging progress in the long term All three areas are an integrated discipline and most programs throughout the developed world are housed co jointly There are several researchers across the globe who are conducting innovative work in these areas The editors feel that a volume on the topic will spur additional interests as well as serve to lead the research efforts

Order and Conflict in Public Space Mattias De Backer, Lucas Melgaço, Georgiana Varna, Francesca Menichelli, 2016-05-20 Which public and whose space The understanding of public space as an arena where individuals can claim full use and access hides a reality of constant negotiation conflict and surveillance This collection uses case studies concerning the management use and transgression of public space to invite reflection on the way in which everyday social interaction is framed and shaped by the physical environment and vice versa International experts from fields including geography criminology sociology and urban studies come together to debate the concepts of order and conflict in public space This book is divided into two parts spaces of control and spaces of transgression Section I focuses on formal and informal surveillance and the politics of control using case studies to compare strategies in spaces including Olympic cities luxury skyscrapers residential neighbourhoods and shopping malls Section II focuses on transgressive or deviant behaviour in public spaces with case studies examining behaviour in nightlife districts governance of homelessness boy racer culture and abortion protests The epilogue concludes the book with an exploration of possible future avenues for research on public space and a critical appraisal of the concept of public space itself This interdisciplinary collection will be of interest to students researchers and professionals in the areas of criminology sociology surveillance studies human and social geography and urban studies and planning

Public Space Reader Miodrag Mitrašinić, Vikas Mehta, 2021-03-30 Recent global appropriations of public spaces through urban activism public uprising and political protest have brought back democratic values beliefs and practices that have been historically associated with cities Given the aggressive commodification of public resources public space is critically important due to its capacity to enable forms of public discourse and social practice which are fundamental for the well being of democratic societies Public Space Reader brings together public space scholarship by a cross disciplinary group of academics and specialists whose essays consider fundamental questions What is public space and how does it manifest larger cultural social and political processes How are public spaces designed socially and materially produced and managed How does this impact the nature and character of public experience What roles does it play in the struggles for the just city and the Right to The City What critical participatory approaches can be employed to create

inclusive public spaces that respond to the diverse needs desires and aspirations of individuals and communities alike What are the critical global and comparative perspectives on public space that can enable further scholarly and professional work And what are the futures of public space in the face of global pandemics such as COVID 19 The readers of this volume will be rewarded with an impressive array of perspectives that are bound to expand critical understanding of public space

Re-visioning the Public in Post-reform Urban China Junxi Qian, 2017-08-02 This book offers a theoretical intervention into the normative ideals of public space that are deeply rooted in Western urbanism It disrupts the binaries of presence absence inclusion exclusion by presenting a series of case studies that vividly convey the complexity and vicissitude of grassroots spatial practices It engages powerfully with the question of what constitutes the urban public in our everyday cities Moreover it provides a fresh perspective on the proliferating scholarship on Chinese urbanism in the reform era by seriously considering the ways in which ordinary urban inhabitants respond to and

negotiate the impacts of rapid social change and the reshuffling of the systems of values and ideologies The urban public therefore is analyzed as an important field in which identities and cultural differences are formed and performed This book is a worthwhile read for anyone interested in theories of urban public space in general or urban transformation of post reform China in particular

On South Bank: The Production of Public Space Alasdair J.H. Jones, 2016-05-23 Tensions over the production of urban public space came to the fore in summer 2013 with mass protests in Turkey sparked by a plan to redevelop Taksim Gezi Park Istanbul In London concomitant proposals to refurbish an area of the South Bank historically used by skateboarders were similarly met by staunch opposition Through an in depth ethnographic examination of London s South Bank this book explores multiple dimensions of the production of urban public space Drawing on user accounts of the significance of public space as well as observations of how the South Bank is practised on a daily basis it argues that public space is valued not only for its essential material characteristics but also for the productive potential that these characteristics if properly managed afford on a daily basis At a time when policy makers urban planners and law enforcement authorities simultaneously grapple with pressures to deal with social problems such as street drinking vandalism and skateboarding and accusations that new modes of urban planning and civic management infringe upon civil liberties and dilute the publicity of public space this book offers an insightful account of the daily exigencies of public spaces In so doing it questions the utility of the public private binary for our understanding both of common urban space and of different sets of social practices and points towards the need to be attentive to productive processes in how we understand and experience urban open space as public

Public Space and the Challenges of Urban Transformation in Europe Ali Madanipour, Sabine Knierbein, Aglaée Degros, 2013-11-20 European cities are changing rapidly in part due to the process of de industrialization European integration and economic globalization Within those cities public spaces are the meeting place of politics and culture social and individual territories instrumental and expressive concerns Public Space and the Challenges of Urban Transformation in Europe investigates how European city authorities understand and deal with their public spaces how this interacts with market forces social norms and cultural expectations whether and how this relates to the needs and experiences of their citizens exploring new strategies and innovative practices for strengthening public spaces and urban culture These questions are explored by looking at 13 case studies from across Europe written by active scholars in the area of public space and organized in three parts strategies plans and policies multiple roles of public space and everyday life in the city This book is essential reading for students and scholars interested in the design and development of public space The European case studies provide interesting examples and comparisons of how cities deal with their public space and issues of space and society

People and Place Lewis Holloway, Phil Hubbard, 2014-01-14 An innovative introduction to Human Geography exploring different ways of studying the relationships between people and place and putting people at the centre of human geography The book covers behavioural humanistic and cultural traditions showing how these can lead to a nuanced understanding of how we relate to our surroundings on a day to day basis The authors also explore how human geography is currently influenced by postmodern ideas stressing difference and diversity While taking the importance of these different approaches seriously as ways of thinking about the role of place in peoples everyday lives the book also tries to encapsulate what has been so vibrant and exciting about human geography over the last couple of decades By using examples to which students can relate such as how they imagine and represent their home the way they avoid certain spaces how they move through retail spaces where they choose to go to university how they use the Internet how they represent other nations and so on the authors show how geography shapes everyday life in a manner that is seemingly mundane yet profoundly important

Globalizing Cultures, 2015-11-09 With the crisis of the global capitalist economy the topic of global culture is regaining its importance and needs to be revisited from both theoretical and practical standpoints How do we make sense of this rapid flow of global consumer culture across national borders What is the role of corporations governments ONG and social movements in shaping the terms of these flows How do these flows of money people culture goods and services work in practice How do these flows affect the lives of the majority of regular people consuming and producing in the global marketplace Taking an interdisciplinary approach this volume examines the way cultures and individuals oppose resist and re center globalization Contributors are Gwen I Alexis Andrea Borghini Cory Blad Jack Bratich Enrico Campo Rekha Datta Ricardo A Dello Buono Peter Kivisto Vincenzo Mele Mihaela Moscaliuc Nancy Naples Ino Rossi Victoria Reyes Saliba Sarsar Manal Stephan Karen Schmelzkopf and Marina Vujnovic

Urban Transformational Landscapes in the City-Hinterlands of Asia Debnath Mookherjee, George M. Pomeroy, Le Thi Thu Huong, 2023-05-16 In the context of mounting challenges stemming from a rapid transformation of the urban regional landscapes in many Asian countries this book highlights a multifaceted array of issues that increasingly engage the academic and planning communities in search of viable solutions to complex problems facing us Even though cities continue to dominate

development studies urbanization of Asia is evolving toward a hybrid urban rural nexus beyond the cities This volume considers these shifting dynamics of Asian urbanization including urban spatial transformations and their ramifications in the context of sustainability and planning Through the lens of a set of empirical studies across diverse disciplines geographies and methodologies yet with an overarching concern for sustainability in varied but interconnected areas such as climate change land use planning infrastructure and urban mobility and quality of life these studies examine a range of important topics e g flooding transportation housing open space green space urban garden and such in city regional settings Together they add insights into varied transformational processes or patterns at work on the urban regional landscapes in a number of Asian countries while offering innovative approaches or alternatives The proposed volume fills a gap in urban regional studies in context of South and Southeast Asia that will be of interest to all stakeholders e g planners administrators academicians and the citizenry particularly those interested in sustainability and planning paradigms It should be a timely and valuable addition to the Asian urbanization literature

If Cars Could Walk Ger Duijzings,Tauri Tuvikene,2023-07-14 In the last twenty five years the explosive rise of car mobility has transformed street life in postsocialist cities Whereas previously the social fabric of these cities ran on socialist modes of mobility they are now overtaken by a culture of privately owned cars *If Cars Could Walk* uses ethnographic cases studies documenting these changes in terms of street interaction vehicles used and the parameters of speed maneuverability and cultural and symbolic values The altered reality of people s movements replacing public transport bicycles and other former socialist modes of mobility with privatized mobility reflect an evolving political and cultural imagination which in turn shapes their current political reality

Landscapes of Defence John R. Gold,George Revill,2014-09-15 This is a key text on the very topical themes of power defence and space *Landscapes of Defence* is an exciting collection of theoretical and empirical material from very well known contributors designed to help students understand how landscapes of defence fit in with some of the broader concepts of space power and place to which they are introduced in the 1st year The book is split into four sections and each section contains an introduction placing the subsequent chapters in context There is also a comprehensive introduction and afterword to tie the book s broad themes together 2nd and 3rd year undergraduates in urban and cultural geography will be the key market for this title as well as strong secondary market in departments of Sociology Anthropology Law and Planning

The Beach Beneath the Streets Benjamin Shepard,Gregory Smithsimon,2011-06-03 Focusing on the liberating promise of public space *The Beach Beneath the Streets* examines the activist struggles of communities in New York City queer youth of color gardeners cyclists and anti gentrification activists as they transform streets piers and vacant lots into everyday sites for autonomy imagination identity formation creativity problem solving and even democratic renewal Through ethnographic accounts of contests over New York City s public spaces that highlight the tension between resistance and repression Shepard and Smithsimon identify how changes in the control of public spaces parks street corners and plazas have reliably foreshadowed elites shifting designs on

the city at large With an innovative taxonomy of public space the authors frame the ways spaces as diverse as gated enclaves luxury shopping malls collapsing piers and street protests can be understood in relation to one another Synthesizing the fifty year history of New York s neoliberal transformation and the social movements which have opposed the process *The Beach Beneath the Streets* captures the dynamics at work in the ongoing shaping of urban spaces into places of repression expression control and creativity
