Olney_,2015-09-08 The Indy 500 is the most exciting auto race on the most famous track before the largest in attendance audience for any sporting event ever in history Every driver wants to win this event assuring him or her fame forever and probably a huge amount of money as well Drivers at Indy seem willing to take that extra chance to win such as Rick Mears did in his chapter in this book by going high into even more danger instead of the low less risky line on the track The author has driven on the track at the Speedway in a race car and has covered the race more than forty times as a reporter The 500 is he admits one of his favorite topics about which to write in his over 200 book career and he has written several books on this subject He always looks forward to it every year on Memorial Day either at the track or on television He advises that everyone should see this great race in person at least one time but that it is possible you can see more of the event on television **America's Dark History** H. Thorbjarnarsdottir Viking traveler Susan Butcher dog sled racer Kit DesLauriers skier Valentina Tereshkova astronaut Bessie Coleman pilot Janet Guthrie racecar driver Sophie Blanchard balloonist Nellie Bly journalist Gertrude Ederle English Channel swimmer and Dr Diana Hoff Atlantic Ocean rower **A Locker Room of Her Own** David C. Ogden, Joel Nathan Rosen, 2013-06-03 Female athletes are too often perceived as interlopers in the historically male dominated world of sports. Obstacles specific to women are of particular focus in *A Locker Room of Her Own*. Race, sexual orientation and the similar qualities ancillary to gender bear special exploration in how they impact an athlete's story. Central to this volume is the contention that women in their role as inherent outsiders are placed in a unique position even more complicated than the usual experiences of inequality and discord associated with race and sports. The contributors explore and critique the notion that in order to be considered among the pantheon of athletic heroes one cannot deviate from the traditional demographic profile that of the white male. These essays look specifically and critically at the nature of gender and sexuality within the contested nexus of race, reputation and sport. The collection explores the reputations of iconic and pioneering sports figures and the cultural and social forces that helped to forge their unique and often problematic legacies. Women athletes discussed in this volume include Babe Didrikson Zaharias, the women of the AAGPBL, Billie Jean King, Venus and Serena Williams, Marion Jones, Chris Evert and Martina Navratilova, Sheryl Swoopes, Florence Griffith Joyner, Roberta Gibb and Kathrine Switzer and Danica Patrick.

Giant Steps Mary Blair Immel, 2017-04-25 As *Giant Steps* opens, thirteen-year-old Bernie Epperson of Lafayette, Indiana, is wrestling with double standards placed on her compared with her brothers. Soon her cousin awakens her to all the unfair restrictions women face and Bernie becomes a suffragette. Meanwhile, World War I begins. Her family is devastated when her brothers become soldiers and Bernie must decide how to help the war effort and continue to fight for women's rights. While this story is fictional, the details of the suffrage movement and the war efforts of ordinary Americans are true. Middle and high school students will relate to Bernie and her brothers' dilemmas a century ago because they also face making decisions in a turbulent world while sifting through contradictory news and changing wisdom.
