Collection Program in Schools Marcia A. Mardis,2016-02-25 This thorough treatment of collection development will serve school library educators and students as well as practicing school librarians providing quick access to information that is both immediately useful and helpful as unforeseen situations arise Our digitally rich world changes quickly and contains more information resources than ever before as a result school librarians are tasked with the enormous challenge of curating a diverse high quality and up to date collection for teachers students and administrators to use This new edition of The Collection Program in Schools gives school librarians the tools to develop and maintain a collection in a constantly changing environment often with reduced budgets and to ensure that students can use virtual libraries and have access to all modern media and learning resources The book logically progresses in its coverage of national and state policy concerns to community needs to the process of collection building and maintenance Topics covered include key education trends affecting collections such as digital textbooks and other non print resources instructional improvement systems STEM priorities and open education resources the use of school libraries as makerspaces media type considerations for a range of users Common Core State Standards and Next Generation Science Standards and the principles of curation acquisition description organization promotion evaluation and maintenance This guide is ideal for use in many graduate level school librarian preparation courses including classes on school library collection development and school library management

Public Relations for School Library Media Programs Helen F. Flowers,1998 Offers 500 different strategies that can be used to increase public relations for a school media program and get parents students and other community members involved in library projects   Educational Media and Technology Yearbook Michael Orey,V. J. McClendon,Robert Maribe Branch,2009-05-28 The Educational Media and Technology Yearbook has become a standard reference in many libraries and professional collections Examined in relation to its comp ion volumes of the past it provides a valuable historical record of current ideas and developments in the eld Part I Trends and Issues presents an array of chapters that develop some of the current themes listed above in addition to others Part II Library and Information Science concentrates upon chapters of special relevance to K 12 education library science education school learning resources and various types of library and media centers school public and academic among others In Part III Leadership Pro les authors provide biographical sketches of the careers of instructional technology leaders Part IV Organizations and Associations in North America and Part V Graduate Programs in North America are resp tively directories of instructional technology related organizations and institutions of higher learning offering degrees in related elds Finally Part VI the Medi raphy presents an annotated listing of selected current publications related to the eld For a number of years we have worked together as editors and the sixth with Dr Michael Orey as the senior editor Last year as the senior editor Orey decided to try and come up with a list of the top programs rather than just the list of all the programs This has proven to be problematic First of all bias exists when we are rating a eld in which our program is within those to be rated   **Library Media Connection** ,2004   **School Library**

Media Activities Monthly ,2000   **Protecting Intellectual Freedom and Privacy in Your School Library** Helen R. Adams,2013-04-08 Written by a well known intellectual freedom advocate this book is a one stop source for school librarians on intellectual freedom and privacy issues that blends principles with best practices In order to sort out fact from fiction and become effective critically thinking adults in a global society children need access to diverse points of view from authoritative sources in their school libraries This book provides school librarians with easy to read guidance on specific aspects of intellectual freedom and privacy explaining how the core values of the library profession translate into everyday practice The readings supply current information and targeted practical advice on a broad range of topics including privacy and confidentiality in the context of a school library working with homeless students English language learners and other special needs students challenges to school library materials filtering issues and advocacy for intellectual freedom Each of the nine chapters begins with an introductory essay examining the topic and concludes with a key ideas summary a list of annotated resources to lead the reader to more information on the individual column topics and discussion questions The volume s appendices include the text of the ALA Library Bill of Rights and the Code of Ethics as well as an annotated list of pro First Amendment and privacy protecting organizations with contact information   **Practical Steps to the Research Process for High School** Deborah B. Stanley,1999-12-15 These hands on lessons for teaching the research process will help you effectively teach information skills while implementing current national information literacy standards Stanley offers strategies that connect standards to content area units of study sharing dozens of successful collaboratively planned and taught research lessons Detailed learning activities for each of the six research skills demonstrates how this process meets the needs of today s students as well as the requirements of many current educational trends and reforms technology integration literacy critical thinking collaborative instruction and adaptations for second language learners as well as learning disabled students The book includes guidelines for planning and preparing for research scripted lessons with accompanying instructor directions application and accountability procedures and writing and technology extensions

    Resources in Education ,1999   **Teen Programs with Punch** Valerie Ott,2006-06-30 Looking for some fresh program ideas for your teen patrons Want to change those bored expressions on teen faces to eager smiles This guide offers a stimulating selection of program ideas that will appeal to teens between the ages of 12 and 18 throughout the year Recognizing that there is no such thing as a typical teenager the programs represent a broad range of interests from arts and crafts workshops to educational programs to purely recreational activities from serious to serious fun Programs for all seasons include Goth Gathering Intolerance Forum Night at the Oscars Library Fear Factor Find Your Future and Cyber Safety Everything you need to get started is here from the nitty gritty details like supply lists and approximate costs to practical step by step instructions Collection connections and ideas for promotion enhance the guide And there are also suggestions for those times when time is short and money is tight A wonderful combination of inspiration and practicality and

of start to finish guidance for successful teen programming Grades 6 12 **Recharge Your Library Programs with Pop Culture and Technology:** Linda D. Behen,2013-06-17 Learn how to integrate pop culture and technology into school library programs and classrooms and make today s digital content mobile devices and students changing interests work to the educator s advantage Today s school libraries need to evolve and meet the needs of 21st century students the instruction programming and library services must be relevant to today s learners Additionally the interactions between educators and the students are what make the critical difference in the students learning and turn the library and classroom into places where they will find assimilate experience and understand information This book provides practical strategies for using pop culture and technology trends to connect with easily distracted middle and high school students and hold their attention Author Linda D Behen addresses why school libraries are in transition and why there is a need for dramatic change She discusses the evolution of all libraries in response to digital content ubiquitous mobile devices such as smart phones iPads and other tablet computers patrons changing interests and the ways in which schools and school libraries have found to effectively adapt to technology changes and student needs This book is essential for middle and high school librarians and educators library school students and instructors and young adult public librarians Re-Designing the High School Library for the Forgotten Half Margie J. Klink Thomas,2008-09-30 Most high school administrators teachers and staff concentrate on the student who is in the college preparatory track while those who may not even finish high school have less attention paid to their curriculum and their educational needs If the role of the school librarian is to prepare all students for lifelong learning school librarians must work closely with teachers in charge of courses preparing students to go from school to work They need to remind other teachers who are in general courses that many of the students in their classrooms who will not go to college but will take jobs which pay them much more than the college graduate makes in many areas of the work force This book points out the role of the school librarian in working with aIl the students and maps out the route to take to make this happen Center Stage Roger Leslie,Patricia Potter Wilson,2002-07-03 Securing the interest of energetic independent middle school students is one of the greatest challenges of school librarians In this book the third in the Library Programs That Inspire Series acclaimed authors Patricia Potter Wilson and Roger Leslie bring you some of the best programming ideas to motivate your middle school patrons and encourage lifelong learning Examples of successful programs from award winning Blue Ribbon middle schools across the nation provide the necessary inspiration to create library events that will get the attention of even your least interested students Find out which programs are most effective innovative and entertaining without draining your resources and energy *School Library Infographics* Peggy Milam Creighton Ph.D.,2015-05-18 Find out how you can increase the impact of your school library instruction promotion and organization with the utilization of infographics created with do it yourself tips found within this guidebook Infographics have become increasingly popular educational tools for visually conveying ideas and information in class projects in daily lessons and for promoting school and

library programs This book the only one of its kind helps you create your own computer generated visuals for your class and library using common software platforms and free web based applications A perfect primer for educators with little or no technological savvy this resource features charts tables screenshots bars and graphs for making infographics easy to reproduce and create Author Peggy Milam Creighton discusses the benefits of utilizing visuals with students and provides tips and strategies for creating your own graphics for various educational settings The reference is organized into three topics how to create infographics with Microsoft software such as Word Excel and PowerPoint how to use graphics to support school library programs and why using these visual based learning tools is important The work features easy to use tutorials lesson plans and project ideas for students
