This revision reflects the disruption to the marketing field based on social media. A major revision from the sixth edition it includes many new topics as dictated by changes in e marketing practice in the past two years. Three important Appendices include internet adoption statistics, a thorough glossary, and book references. NEW Students get a broader look at social media as it is now integrated throughout the book instead of confined to one chapter. NEW A look at new business models continues and strengthens the approach of learning from real life examples. Added and described in detail are such models as social commerce and Facebook commerce, mobile commerce and mobile marketing, social CRM, crowdsourcing, and many important but less pervasive models such as crowdfunding, freemium, and flash sales. NEW Chapters 12, 13, and 14 were completely rewritten to reflect the move from traditional marketing communication tools to the way practitioners currently describe IMC: online, owned, paid, and earned media. NEW Readers see examples of many new and interesting technologies that are today providing marketing opportunities both in the Web 2.0 and 3.0 sections. NEW The chapter opening vignettes continue to play an important role in illustrating key points. Two new vignettes and new discussion questions about each chapter opening vignette are included. NEW Included are many new images in every chapter plus updated Let's Get Technical boxes. NEW Other chapter specific additions that further enhance understanding of the concepts include: More social media performance metrics; Ch 2 Big data and social media content analysis; Ch 6 New consumer behavior theory and online giving as a new exchange activity; Ch 7 Social media for brand building; Ch 9 App pricing and web page pricing tactics; Ch 10.
