Excerpt from Japanese Rule in Formosa Our administration in Formosa has been severely criticised but the majority of our critics have not studied the question sufficiently to form an opinion Very few of them have had an opportunity of visiting the island and testing the truth of their suppositions by personal investigation on the spot hence in most cases their conclusions are wrong because they arise from insufficient knowledge and are based on false premises Others have looked at the subject through coloured glasses and thus have obtained a distorted view Small wonder then that their criticisms are so wide of the mark As a matter of fact our nation s history as a Colonial Power commences with the story of our administration in Formosa and our failure or success there must exercise a marked influence on all our future undertakings We rejoice therefore to report that thanks to the Great Guardian Spirit who through unbroken ages has continually guided His Majesty the Emperor and each one of His Imperial Ancestors and thanks also to the generous way in which the Formosan Administration has been upheld by the State our plans for the colonization of the island have been crowned with a great measure of success About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Japanese Rule in Formosa* ,1907 **Japanese Rule in Formosa, by Yosaburo Takekoshi,...**

Translated by George Braithwaite,... Yosaburō Takekoshi,1907 **Legal Reform in Taiwan under Japanese Colonial Rule, 1895-1945** Tay-sheng Wang,2014-12-01 Taiwan s modern legal system quite different from those of both traditional China and the People s Republic has evolved since the advent of Japanese rule in 1895 Japan has gradually adopted Western law during the 19th century and when it occupied Taiwan a frontier society composed of Han Chinese settlers its codes were instituted for the purpose of rapidly assimilating the Taiwanese people into Japanese society Tay sheng Wang s comprehensive study lays a solid foundation for future analyses of Taiwanese law It documents how Western traditions influenced the formation of Taiwan s modern legal structure through the conduit of Japanese colonial rule and demonstrates the extent to which legal concepts diverged from the Chinese legal tradition and moved toward Western law **Formosa**

Japanese Rule in Formosa and Korea Dylan Matthew Mortensen,2020 This thesis seeks to discuss the differences in

rule that Korea and Formosa experienced under the Japanese Empire looking at the status of each colony prior to colonization during initial colonization and what followed later as well as ultimately discerning if the the concepts of direct and indirect rule are applicable to these cases This thesis uses the definitions of direct and indirect rule as given by Gerring et al 2011 The time frame outlined for this thesis is 1895 1926 Through analysis of Japanese rule such as the empire s modernization attempts on their colonies resource abstraction and governance both de facto and de jure it is shown that the Japanese empire indeed did differ in their forms of rule of each colony Japanese rule over Korea and Formosa showcases textbook examples of indirect and direct rules that did change over time as the empire and its needs changed

Statebuilding by Imposition Reo Matsuzaki,2019-03-15 How do modern states emerge from the turmoil of undergoverned spaces This is the question Reo Matsuzaki ponders in *Statebuilding by Imposition* Comparing Taiwan and the Philippines under the colonial rule of Japan and the United States in the late nineteenth and early twentieth centuries he shows similar situations produce different outcomes and yet lead us to one conclusion Contemporary statebuilding efforts by the US and the UN start from the premise that strong states can and should be constructed through the establishment of representative government institutions a liberalized economy and laws that protect private property and advance personal liberties But when statebuilding runs into widespread popular resistance as it did in both Taiwan the Philippines statebuilding success depends on reconfiguring the very fabric of society embracing local elites rather than the broad population and giving elites the power to discipline the people In Taiwan under Japanese rule local elites behaved as obedient and effective intermediaries and contributed to government authority in the Philippines under US rule they became the very cause of the state s weakness by aggrandizing wealth corrupting the bureaucracy and obstructing policy enforcement As *Statebuilding by Imposition* details Taiwanese and Filipino history teaches us that the imposition of democracy is no guarantee of success when forming a new state and that illiberal actions may actually be more effective Matsuzaki s controversial political history forces us to question whether statebuilding given what it would take for this to result in the construction of a strong state is the best way to address undergoverned spaces in the world today **Japanese Colonial Government** Noboru Asami,1924

Dictators and their Secret Police Sheena Chestnut Greitens,2016-08-16 This book explores the secret police organizations of East Asian dictators their origins operations and effects on ordinary citizens lives *The Development of Jury Service in Japan* Anna Dobrovolskaia,2016-08-19 This book presents a comprehensive account of past and present efforts to introduce the jury system in Japan Four legal reforms are documented and assessed the implementation of the bureaucratic and all judge special jury systems in the 1870s the introduction of the all layperson jury in the late 1920s the transplantation of the Anglo American style jury system to Okinawa under the U S Occupation and the implementation of the mixed court lay judge saiban in system in 2009 While being primarily interested in the related case studies the book also discusses the instances when the idea of introducing trial by jury was rejected at different times in Japan s history Why does

legal reform happen What are the determinants of success and failure of a reform effort What are the prospects of the saiban in system to function effectively in Japan This book offers important insights on the questions that lie at the core of the law and society debate and are highly relevant for understanding contemporary Japan and its recent and distant past
