From Pericles to Philip Terrot Reaveley Glover,1972      *From Pericles to Philip (Classic Reprint)* T. R. Glover,2015-06-28

Excerpt from *From Pericles to Philip* The period from Pericles to Philip is in many ways the most interesting of Greek history Indeed when we use the word Greek whether we think of art or literature of philosophy or politics of the Greek spirit or of the Greek attitude to life nine times out of ten we are turning consciously or unconsciously to the century and a quarter between the birth of Pericles and the accession of Philip It is because in all the regions of thought and life which I have named the formative impulses come from this time or reach maturity in it recognize themselves or are recognized in it But if we are to understand history we have to ask more carefully than we sometimes do what are the things that matter In the perspective of time for instance how many events of the decade 1850 60 are yet of such consequence as the publication of *The Origin of Species* or have meant so much to mankind Lecky spoke of John Wesley s conversion as an epoch in English history Can we imagine the comment of Horace Walpole or of Dr Johnson himself on such a criticism if it had been made by a contemporary Yet it is hard to say that Lecky was not right But do the histories as a rule give us such events in a perspective that will bring out their significance About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *From Pericles to Philip* Terrot Reaveley Glover,1926      **From Pericles to Philip** T. **From Pericles to Philip ... Third Edition** Terrot Reaveley Glover,1919 **The Thucydidean Turn** Benjamin Earley,2020-05-14 The emergence of Thucydides as an influential political thinker in the first half of the 20th century has been astonishingly neglected by modern scholars This volume examines how why and when the Athenian historical came to occupy such a prominent position in political discourse in the US and Europe today It argues that in the years before during and after the Great War Thucydides History of the Peloponnesian War was mined for the insights that it could offer into contemporary politics and that it was also used as part of the justification for the academic and cultural relevance of Classics at this time of great political upheaval Academic classicists and classically trained commentators were instrumental in this turn in academic focus onto Thucydides contemporary relevance Among the former were several prominent figures such as Francis Cornford Gilbert Murray and Enoch Powell who attempted to find in Thucydides a dark depiction of human nature and the passions that drove politics to justify his contemporary relevance The latter included International Relations scholars and journalists such as Alfred Zimmern Albert Toynbee and George Abbott who turned to Thucydides in order to better understand contemporary global and European politics A final chapter demonstrates how this British turn to Thucydides was received and reinterpreted in America on the eve of the Second World War *The Greek State at War, Part V* W. Kendrick Pritchett,2023-11-15 The volumes of *The Greek State at War* are an essential reference for the classical scholar Professor Pritchett has systematically canvassed ancient texts and secondary literature for references to specific topics each volume explores a unique aspect of Greek military practice In Part V he takes up stone throwers slingers and booty The volumes of *The Greek State at War* are an essential reference for the classical scholar Professor Pritchett has systematically canvassed ancient texts and secondary literature for references to specific topics each volume explores a unique asp **The Greeks** H.D.F. Kitto,2017-07-12 Most ancient cultures disappeared with scarcely a trace their effect upon our modern way of life of little consequence The Greeks however continue to influence contemporary man through their drama philosophy and art their political cognizance and knowledge of science There are many books introducing the Greek world to the modern reader but this volume was recognized as a classic in the field upon its publication by Penguin Books It now appears in a new paperback edition with a new preface by the author and 32 pages

of photographs selected especially for the American reader *The Greeks* introduces us to the people who formed and founded a new and distinct way of life the democratic city state The author presents frequently in the words of the Greeks themselves the formation of the people as a nation the nature of the country the impact of Homer and the rise and decline of the city state The book includes an intensive study of the classical period and provides an illuminating view of the Greek mind myths and religion life and character *The Greeks* is a recognized classic written with remarkable grace and wit In its new richly illustrated and permanent form it will endure as perhaps the best reconstruction of one of the greatest episodes in the history of civilized man H D F Kitto 1897 1982 was professor of Greek at the University of Bristol and is well known as a scholar teacher and writer in his field He wrote several books on Greek drama and his *In the Mountains of Greece* resulted from extensive travel throughout the country

*Aemilia Lanyer as Shakespeare's Co-Author* Mark Bradbeer, 2022-03-31 This book presents original material which indicates that Aemilia Lanyer female writer feminist and Shakespeare contemporary is Shakespeare's hidden and arguably most significant co author Once dismissed as the mere paramour of Shakespeare's patron Lord Hunsdon she is demonstrated to be a most articulate forerunner of MeToo fury Building on previous research into the authorship of Shakespeare's works Bradbeer offers evidence in the form of three case studies which signal Aemilia's collaboration with Shakespeare The first case study matches the works of George Wilkins who is currently credited as the co author of the feminist Shakespeare play *Pericles* 1608 with Aemilia Lanyer's writing style education feminism and knowledge of Lord Hunsdon's secret sexual life The second case study recognizes *Titus Andronicus* 1594 a play containing the characters Aemilius and Bassianus to be a revision of the suppressed play *Titus and Vespasian* 1592 as authored by the unmarried pregnant Aemilia Bassano as she then was Lastly it is argued that Shakespeare's clowns Bottom Launce Malvolio Dromio Dogberry Jaques and Moth arise in her deeply personal war with the misogynist Thomas Nashe Each case study reveals new aspects of Lanyer's feminist activism and involvement in Shakespeare's work and allows for a deeper analysis and appreciation of the plays This research will prove provocative to students and scholars of Shakespeare studies English literature literary history and gender studies
