From Violent Men:

Changing Violent Men R. Emerson Dobash, 2000 Changing Violent Men is based on the evaluation of British criminal justice responses and treatment programs for men who use violence against a woman partner Court enforced abuser programs are compared with more traditional sanctions such as fines and probation And qualitative and quantitative data are used to delineate patterns of personal change This book allows the men and women involved to speak about their lives and the impact of criminal justice interventions upon them **Violent Men** Eric Flore, 2006-11-30 The rulers of heaven and hell are waging a war over Tony Vero The golden boy of a powerful crime syndicate family life is good until the Family burns him on a job gone sour Tony s only way out is to find the Family s missing drug dealer God sends a radical prophetic police detective and an inner city prayer warrior to save Tony while hell uses Tony s own criminal family a gonzo sorcerer and a hulking psychopath to try to kill him Violent men prayer warriors and brute criminals wage the battle for his soul Which side will win Tony s life **The Rehabilitation of Partner-Violent Men** Erica Bowen, 2011-03-07 THE REHABILITATION OF PARTNER VIOLENT MEN Informed by theory and evidence this text offers a full account of a pressing social problem Professor Clive Hollin School of Psychology The University of Leicester UK This is a book which clearly sets out the history theoretical developments interventions and possibilities for the future within a UK context It is an excellent source of good information about where we are and an excellent springboard for future developments in both research and practice Professor Liz Gilchrist Department of Psychology Glasgow Caledonian University UK Erica Bowen s book The Rehabilitation of Partner Violent Men is a timely and important contribution to the literature of effective interventions The content would be of interest to students researchers and practitioners Dr Nicola Graham Kevan School of Psychology University of Central Lancashire UK Violence within intimate relationships is not just a modern occurrence yet while the nature of the abuse has changed little over hundreds of years great strides have been made in dealing with male perpetrators of domestic violence in the UK The Rehabilitation of Partner Violent Men presents an historical account of the policy changes that have led to the provision of rehabilitation programmes for male perpetrators of intimate partner violence within the British criminal justice system Drawing on both national and international literature the book provides an overview of the theoretical foundation behind current approaches to rehabilitation as well as a critical examination of evaluation methodology and an appraisal of the effectiveness of current practices While probing deeply into the nature of intimate partner violence The Rehabilitation of Partner Violent Men offers rich and revealing insights into the efficacy of intervention programmes and their profound influences on the lives of millions of women around the world each year Men Who Batter Nancy Nason-Clark PhD, Barbara Fisher-Townsend PhD, 2014-10-01 Men who act abusively have their own story to tell a journey that often begins in childhood ripens in their teenage years and takes them down paths they were hoping to never travel Men Who Batter recounts the journey from the point of view of the men themselves The men s accounts of their lives are told within a broader

framework of the agency where they have attended groups and the regional coordinated community response to domestic violence which includes the criminal justice workers e g probation parole judges and those who staff shelters and work in advocacy Based on interview data with this wide array of professionals we are able to examine how one community in one western state responds to men who batter Interwoven with this rich and colorful portrayal of the journey of abusive men we bring twenty years of fieldwork with survivors and those who walk alongside them as they seek safety healing and wholeness for themselves and their children Women who have been victimized by the men they love often hold out hope that if only their abusers could be held accountable and receive intervention the violence will stop and their own lives will improve dramatically as a result While the main purpose of Men Who Batter is to highlight the stories of men told from their personal point of view it is countered by reality checks from their own case files and those professionals who have worked with them And finally interspersed within its pages is another theme finding religious faith or spiritual activity in unlikely places
