Frontier Of Fear:

Frontier of Fear Michael Hartland, 1986 **Frontier Country** Patrick Spero, 2016-10-04 Synthesizing the tensions between high and low politics and eastern and western regions in Pennsylvania before the Revolution Patrick Spero recasts the importance of frontiers as eighteenth century Pennsylvanians would have understood them to the development of colonial America and the origins of American Independence **Frontiers of Historical Imagination** Kerwin Lee Klein, 2023-11-15 The American frontier a potent symbol since Europeans first stepped ashore on North America serves as the touchstone for Kerwin Klein s analysis of the narrating of history Klein explores the traditions through which historians philosophers anthropologists and literary critics have understood the story of America s origin and the way those understandings have shaped and been shaped by changing conceptions of history The American West was once the frontier space where migrating Europe collided with Native America where the historical civilizations of the Old World met the nonhistorical wilds of the New It was not only the cultural combat zone where American democracy was forged but also the ragged edge of History itself where historical and nonhistorical defied and defined each other Klein maintains that the idea of a collision between people with and without history still dominates public memory But the collision he believes resounds even more powerfully in the historical imagination which creates conflicts between narration and knowledge and carries them into the language used to describe the American frontier In Klein s words We remain obscurely entangled in philosophies of history we no longer profess and the very idea of America balances on history s shifting frontiers The American frontier a potent symbol since Europeans first stepped ashore on North America serves as the touchstone for Kerwin Klein s analysis of the narrating of history Klein explores the traditions through which historians philosophers anthropol **Specters of Violence in a Colonial Context** Adrian Muckle, 2012-04-30 During 1917 1918 war ravaged the hill country north of New Caledonia s main island the Grande terre Occurring sixty four years after France s 1853 annexation of New Caledonia and in the midst of the Great War of 1914 1918 the conflict was known by the mid twentieth century as the last of the kanak revolts It represented to many until the events of the 1980s the final pacification of Kanak the indigenous people of New Caledonia **Specters of Violence in a Colonial Context** is the first comprehensive history of the 1917 1918 war which involved the French army European settlers and Kanak In three parts it addresses the events leading to the outbreak of war how those involved explained their role in the fighting and how the war has since been represented It explores the dynamics of fear violence and warfare in a colonial setting that was both European and Melanesian in character In the face of a colonial historiography and memory that has downplayed consistently the war s significance this history ultimately reevaluates the causes and scale of the war while explaining the local contexts in which decisions were taken by the various protagonists The author draws on a rich and largely unexploited colonial archive that includes administrative dossiers detailing the repression the correspondence of missionaries and indigenous Protestant teachers living in the region the records of the judicial investigation that followed the

war and the reports on the post war trial of seventy eight rebels Specters of Violence in a Colonial Context will be warmly received by researchers and students of Pacific history and anthropology Its broader audience will include those interested in the reverberations of World War I in the colonies and the nature of colonial colonized interaction **Frontier of Fear. [A Novel.]** Innes Ruth Gary Hart,1928 The Indian Quarterly Register ,1925 Frontier ,1952 Can Psychedelic Therapies open a New Frontier in Mental Healthcare (Or Will the Bubble Burst?) Antonio Metastasio,Graham Campbell,Renee Harvey,Peter Schuyler Hendricks,Joanna Caroline Neill,Katrin H. Preller,2022-09-05 *Frontier of Fear* Michael Hartland,1992 Instructed to have an affair with Dr Nazim Khan a nuclear energy attache at the Pakistani Embassy in Vienna British Agent Sarah Cable becomes involved in her country s attempt to blackmail Khan into revealing his country s nuclear weapons capability **Effective Leadership in Adventure Programming** Simon Priest,Michael A. Gass,2005 Provides a detailed look at the organisational instructional skills an outdoor adventure leader should develop Global Surgery: The Next Frontier in Global Public Health Jaymie Claire Henry,Emmanuel A. Ameh,Andrew Hill,Cheng-Har Yip,Lye-Yeng Wong,2023-10-30 The Defense of the Western Frontier 1825-1840 Roy Marvin Robbins,1926 Apartheid Vertigo David M. Matsinhe,2016-05-23 Apartheid vertigo the dizzying sensation following prolonged oppression and delusions of skin colour is the focus of this book For centuries the colour code shaped state and national ideals created social and emotional distances between social groups permeated public and private spheres and dehumanized Africans of all nationalities in South Africa Two decades after the demise of official apartheid despite four successive black governments apartheid vertigo still distorts South Africa s postcolonial reality The colour code endures but now in postcolonial masks Political freedom notwithstanding vast sections of the black citizenry have adopted and adapted the code to fit the new reality This vertiginous reality is manifest in the neo apartheid ideology of Makwerekwere the postcolonial colour code mobilized to distinguish black outsiders from black insiders Apartheid vertigo ranges from negative sentiments to outright violence against black outsiders including insults humiliations extortions searches arrests detentions deportations tortures rapes beatings and killings Ironically the victims are not only the outsiders against whom the code is mobilized but also the insiders who mobilize it Drawing on evidence from interviews observation press articles reports research monographs and history this book unravels the synergies of history migration nationalism black group relations and violence in South Africa deconstructing the idea of visible differences between black nationals and black foreign nationals The book demonstrates that in South Africa violence always lurks on the surface of everyday life with the potential to burst through the fragile limits set upon it and possibly escalate to ethnic cleansing **Signs of Life in the USA** Sonia Maasik,2011-11-21 Signs of Life in the USA teaches students to read and write critically about popular culture by giving them a conceptual framework to do it semiotics a field of critical theory developed specifically for the interpretation of culture and its signs Written by a prominent semiotician and an experienced writing instructor the text s high interest themes feature provocative and current reading

selections that ask students to think analytically about America's impressive popular culture. How is TV's *Mad Men* a lightning rod for America's polarized political climate? Has the nature of personal identity changed in an era when we spend so much of our lives online? *Signs of Life* bridges the transition to college writing by providing students with academic language to talk about our common everyday cultural experience. Read the preface. Order *Multimodal Readings for Signs of Life in the USA* packaged with *Signs of Life in the USA* Seventh Edition using ISBN 13 978 1 4576 1989 2 [The New Republic](#) Herbert David Croly, 1922 **Curriculum and the Problem of Violence** James P. Burns, 2023-12-20 This book is a genealogical inquiry into the present problem of violence in the United States and internationally through the lens of curriculum theory. It explores a constellation of problems including war, authoritarianism, post-truth, social disparities, and increasingly onerous surveillance technologies. Arguing that the current problem of violence is neither new nor aberrant, the author historicises the conditions of possibility that have produced the violence that presently confronts our world. Seemingly disparate issues such as ethnonationalism, authoritarian populism, Christian nationalism, neoliberalism, the proliferation of sophisticated surveillance technologies, and military Keynesianism are traced to historical features such as Ur-Fascism, white supremacy, corporate capitalism, religious extremism, propaganda, and public relations institutional power and the biopolitical death function endemic in modern societies. Through a sweeping, powerful, and in-depth analysis of violence in its genealogical trajectories in global setting, it promises to re-examine curriculum in a different light and open up new possibilities. As such, the book is an important curriculum study which supports curricular ethics as articulated by Bill Pinar, such as the situation of the self socially and historically, the reconstruction of one's understanding of the self and the world, and the potential reconstruction of the social world as more peaceful and just. Significantly, the book contributes to a retheorisation of Foucault's biopolitics as affirmative biopower imbued with ethics of truth-seeking as a technology of the self. It will appeal to scholars and students of curriculum studies with interests in curriculum theory, authoritarianism, non-violence studies, justice studies, ethnonationalism, and technologies of the self. **Archaeological Perspectives on Conflict and Warfare in Australia and the Pacific** Geoffrey Clark, Mirani Litster, 2022-03-08 When James Boswell famously lamented the irrationality of war in 1777, he noted the universality of conflict across history and across space, even reaching what he described as the gentle and benign southern ocean nations. This volume discusses archaeological evidence of conflict from those southern oceans, from Palau and Guam to Australia, Vanuatu, and Tonga, the Marquesas, Easter Island, and New Zealand. The evidence for conflict and warfare encompasses defensive earthworks on Palau, fortifications on Tonga, and intricate pa sites in New Zealand. It reports evidence of reciprocal sacrifice to appease deities in several island nations and skirmishes and smaller-scale conflicts, including in Easter Island. This volume traces aspects of colonial-era conflict in Australia and frontier battles in Vanuatu and discusses depictions of World War II materiel in the rock art of Arnhem Land. Among the causes and motives discussed in these papers are pressure on resources, the ebb and flow of significant climate

events and the significant association of conflict with culture contact The volume necessarily selective eclectic and wide ranging includes an incisive introduction that situates the evidence persuasively in the broader scholarship addressing the history of human warfare

Coloniality of the US/Mexico Border Roberto D. Hernández, 2018-10-23 National borders are often taken for granted as normal and necessary for a peaceful and orderly global civil society Roberto D Hernández here advances a provocative argument that borders and border violence are geospatial manifestations of long histories of racialized and gendered colonial violence In *Coloniality of the U S Mexico Border* Hernández offers an exemplary case and lens for understanding what he terms the epistemic and cartographic prison of modernity coloniality He adopts coloniality of power as a central analytical category and framework to consider multiple forms of real and symbolic violence territorial corporeal cultural and epistemic and analyzes the varied responses by diverse actors including local residents government officials and cultural producers Based on more than twenty years of border activism in San Diego Tijuana and El Paso Ciudad Juárez this book is an interdisciplinary examination that considers the 1984 McDonald's massacre Minutemen vigilantism border urbanism the ongoing murder of women in Ciudad Juárez and anti border music Hernández's approach is at once historical ethnographic and theoretically driven yet it is grounded in analyses and debates that cut across political theory border studies and cultural studies The volume concludes with a theoretical discussion of the future of violence at and because of national territorial borders offering a call for epistemic and cartographic disobedience

Empire and Indigeneity Richard Price, 2021-05-30 Indigeneity is inseparable from empire and the way empire responds to the Indigenous presence is a key historical factor in shaping the flow of imperial history This book is about the consequences of the encounter in the early nineteenth century between the British imperial presence and the First Peoples of what were to become Australia and New Zealand However the shape of social relations between Indigenous peoples and the forces of empire does not remain constant over time The book tracks how the creation of empire in this part of the world possessed long lasting legacies both for the settler colonies that emerged and for the wider history of British imperial culture
