diet Dr Pepper You're right it makes no sense But I've been eating that combination for the past twenty four years in the grocery business and I have a waistline to prove it I was heading for the break room as usual when a familiar feeling came over me and I saw myself in the eyes of another I don't know why I slipped into their isolated booth in the store's small dining area Across me was a very young and frightened woman sipping on a cup of coffee She had tears streaming down her cheeks and looked rather startled at my appearance But I had the feeling she was waiting for me Although we were not formally introduced words came freely between us She spoke of her fears and frustrations As she spoke I listened and my own struggles flashed before my eyes We spoke candidly of her darkest secret one of sanity I smiled as I told my new friend that the healing comes when you start believing in yourself As I watched her I recognized myself and was somewhat frightened for her You see it's sad to lose yourself and your family and blame God for an illness you have no control over To my surprise I felt something brush up against my feet I peeked under the tablecloth and discovered a fair haired boy who was three years old The young woman reached down and scooped him up She cradled him in her arms and he sucked on his thumb then he quickly disappeared as he appeared I smiled as I peeked under the table and saw an all too familiar world of childhood imagination I thought back to a time when my girls were very young Like this boy they too were victims of this cruel illness We sat at the corner booth for a long time Then the young woman began to weep again Why would God do this to me My mind flashed back in time once more to an unsettling time in my life She took another sip of her coffee and we spoke of her son As she spoke of him she smiled with her eyes and a calm feeling came over her We spoke of our lives and the roads we chose to take As one living with mental illness my advice to her that day was Healing begins when you believe in yourself To this very day our paths have never crossed again I have no idea what struggles this young woman had All I know for sure is when we talked she eased my troubles for a while by focusing on her own I guess that's what life is all about John my husband of forty five years has been there with me every step of the way If not for him things could've turned out very differently I could have lost my life my family my sanity and my faith in God Through it all there has been one constant thing in my life When we spoke our marriage vows nothing was said of until death do we part What we said was for time and all eternity On my darkest days John would say Honey you just have to get better soon because we vowed to love each other forever and forever is a very long time

The Suggs Book of Family Tales Rob Suggs, 2004 I became an expert on Legos not that I had any choice in the matter From the time our son Robert

was able to creep about on the floor he spent countless hours hunkered down constructing edifices to make Frank Lloyd Wright spin in his grave As I would come home exhausted from work Robert would greet me with Daddy We have to build And so we built Each night I was as disappointed about Robert s bedtime as he was But my son granted solemn permission for me to continue on without him Daddy you can play Legos while I m asleep he d say I d blush and stammer for him to get on to bed I d share a Bible story listen to prayers and kiss my two children goodnight Then when I could hear Robert breathing regularly I d steal over to the Lego corner The Suggs family is an ordinary family probably a lot like your family Whether they re playing with Legos learning to drive or just mowing the lawn the Suggses live a down to earth life What s extraordinary is Rob Suggs s spiritual perception and story telling ability The result is a winsome collection of tales filled with laughter love and profound meaning that sheds new light on God s precious gift of family So gather around the kitchen table with the Suggs family to listen to a few of their stories And the next time your toddler throws her peas or your spouse loses the keys you might discover some rich stories of your own
