Israel-Palestine on Record Howard Friel, Richard Falk, 2020-05-05 In this scathing analysis of Israel Palestine coverage in the US media Howard Friel and Richard Falk reveal the persistent ways the New York Times has ignored principles of international law in order to shield its readers from Israel's lawlessness While the Times publishes dozens of front page stories and extensive commentary on the killings of Israelis it publishes very few such stories on the killings of Palestinians and mostly ignores the extensive documentation of massive violations of Palestinian human rights by the government of Israel Furthermore the Times regularly ignores or under reports a multitude of critical legal issues pertaining to Israel s policies including Israel s expropriation and settlement of Palestinian land the two tier system of laws based on national origin evocative of South Africa's apartheid regime the demolition of Palestinian homes and use of deadly force against Palestinians These journalistic practices have not only shielded the extent of Israel s transgressions from the American electorate which is Israel s main source of financial and military support it has severely diminished our understanding of the Middle East and of US foreign policy in general Chomsky and Dershowitz Howard Friel, 2013-09-21 Through the lens of a careful assessment of the political views of MIT's Noam Chomsky and Harvard's Alan Dershowitz the two protagonists of a Cambridge based feud over the past forty years author Howard Friel chronicles an American intellectual history from the U S war in Vietnam in the 1960s to the contemporary debate about the Israel Palestine conflict Major findings reveal the consistency of Chomsky's principled support of international law human rights and civil liberties and a reversal by Dershowitz from support in the 1960s to opposition of those legal standards today Friel's volume argues that a Chomskyan adherence by the United States to international law and human rights would reduce the threat of terrorism and preserve civil liberties that the Dershowitz backed war on terrorism increases the threat of terrorism and undermines civil liberties and that the incremental but steady transition toward a preventive state threatens the permanent suspension of civil liberties in Punishing a Nation Law in the Service of Man (Organization: Rām Allāh),1990 Provides detailed the United States overview of Israel s illegal measures to suppress the Palestinian uprising Inventory A.V. Club, 2009-10-13 Each week the writers of The A V Club issue a slightly slanted pop culture list filled with challenging opinions Is David Bowie s Young Americans nearly ruined by saxophone and fascinating facts Exploring twenty four great films too painful to watch twice fourteen tragic movie masturbation scenes eighteen songs about crappy cities and much more Inventory combines a massive helping of new lists created especially for the book with a few favorites first seen at AVClub com and in the pages of The AV Club's sister publication The Onion But wait There's more John Hodgman offers a set of minutely detailed and probably fictional character actors Patton Oswalt waxes ecstatic about the guiet film revolutions that changed cinema in small but exciting ways Amy Sedaris lists fifty things that make her laugh Weird Al Yankovic examines the noises of Mad magazine s Don Martin Plus lists from Paul Thomas Anderson Robert Ben Garant Tom Lennon Andrew W K Tim and Eric Daniel Handler
