[The Rights of War and Peace](#) Hugo Grotius, Archibald Colin Campbell, 1901

From War to Peace Kent D. Shifferd, 2014-01-10 The world's first peace organizations emerged in the 19th century and since that time anti war activism has progressed rapidly This illuminating book presents a realistic analysis of the extent to which the war system has infiltrated all aspects of Western culture and how it works to perpetuate war rather than promote peace Additionally the text describes the historically recent and still evolving parallel system of peace institutions The values and ideas that have grown out of peace activism offer a very real opportunity to outlaw war in the coming century just as slavery was abolished in the 19th century

Theodore R. Weber, 2015-11-11 *War Peace and Reconciliation* invites Christians and the churches into a conversation over how to think about war from a standpoint in faith It asks how reconciliation which is central to Christian life and doctrine can engage the realities of war without surrendering its fundamental affirmations It defines these realities politically by discussing the meanings of power peace as a particular organization of power and the international system The study of war and politics is unavoidable as is the engagement with reconciliation because all human existence and activity exist in the context of the gracious work of God to renew and reconcile the fallen creation The inquiry is theocentric and christocentric It culminates in a call to the churches to examine all their practices in the light of this perspective **War and Peace and Germany** Fred Warner Neal, 1962 *Theologies of War and Peace Among Jews, Christians, and Muslims* Albert B. Randall, 1998 This study provides analyses into the concepts of war and peace as found in the Jewish Christian and Muslim religions It covers topics such as the traditions of the Prophets theologies of war theologies of peace and unholy war *War, Peace, and Human Nature* Douglas P. Fry, 2013-04-25 A collection of essays from leading academics about the nature of war and the capacity for peace as applied to human nature [The Transformation of Peace](#) O. Richmond, 2016-01-08 This book examines the transformation of the discourse and praxis of peace from its early beginnings in the literature on war and power to the development of intellectual and theoretical discourses of peace contrasting this with the development of practical approaches to peace and examining the intellectual and policy evolution regarding peace **War and peace** graf Leo Tolstoy, 1899 **Collier's Wonder Book** Waldemar Kaempffert, 1920 **The Problems of Peace** Geneva Institute of International Relations, 1927 **Queen's Quarterly** , 1921 [Readers' Guide to Periodical Literature](#) , 1905 **The Railroad Telegrapher** , 1919 **Textile Recorder** , 1918 **War, Peace and the Military** Franz Kernic, 2023-03-17 This book is a comprehensive analysis of the various social science approaches to explaining and interpreting war peace and the military Its central aim is to trace and reconstruct those basic assumptions constructed and thought processes undertaken by modern social sciences in their research and conceptualization of military violence and the use of force In addition to such reconstruction the aim is also to enquire into the preconditions of such thought This study therefore eschews the development of an explicit strategy in the sense of a research strategy but instead is much more concerned with thinking about its subject matter by means of re thinking and reflecting upon different theoretical approaches and problems The investigation includes a critical reexamination of the tradition of military sociological research from the beginning of modern sociology to late twentieth century theoretical approaches regarding the security focused and or war driven aspects of modern society **From War to Peace** Jacob Lestschinsky, 1944 **London Calling** , 1947
