From The Seventh Plane:

From the Seventh Plane Winifred Willard, 1946 ThetaHealing® Vianna Stibal, 2020-01-21 Discover the worldwide phenomenon of ThetaHealing and how it can help you to achieve transformational healing in this revised and updated edition of Vianna Stibal's definitive guide. In 1995 Vianna Stibal was diagnosed with a serious health condition. When conventional and alternative medicine failed her, she discovered a simple technique that cured her illness and sparked a worldwide phenomenon. ThetaHealing is essentially applied quantum physics. Using a theta brain wave which until now was believed to be accessible only in deep sleep or yogi level meditation, the practitioner is able to connect with the energy of All That Is, the energy in everything, to identify issues with and witness healings on the physical body and to identify and change limiting beliefs. In this revised and updated edition, you will discover the belief and feeling work that can instantly change the thinking within you that creates illness, the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is, how to develop the ability to change on all levels physically, mentally, emotionally, and spiritually using the Creator of All That Is. **Advanced Theta Healing** Vianna Stibal, 2011-04-01 In her first book, Vianna Stibal, the creator of ThetaHealing, introduced this amazing healing technique to the world. Based on thousands of sessions with clients who experienced remarkable healings with Vianna, this comprehensive follow-up is an in-depth exploration of the work and processes central to ThetaHealing, giving the reader a detailed guide to the Feeling Belief and Digging Work, as well as further information on the 7 Planes of Existence that allow us to connect to the highest level of love and energy of All That Is.

Advanced ThetaHealing Vianna Stibal, 2011-07-15 Discover how harnessing the energy of all things can enrich your life and well-being in this fascinating study on ThetaHealing. In her first book, Vianna Stibal introduced the simple but life-altering technique that helped her cure what medicine could not. ThetaHealing. This extraordinary healing modality uses the energy of all things of All That Is to instigate significant change in thought patterns, relationships, physical well-being, and so much more. Now Stibal draws from thousands of sessions with her clients to further explore the work processes and benefits central to ThetaHealing. In this book, you will learn more about the importance of Feeling Belief and Digging work. Stibal also guides you through the 7 Planes of Existence, explaining how they allow you to connect to the highest level of love and energy of All That Is. By harnessing the power of this mind and body healing technique, you will enhance your life spiritually, emotionally, and physically. **Discovering the Kingdom Within** Rev. Dr. Jacques R. Castel ND, D.Hom, MBT, M.MSc, NES, Ph.D, PsyThD, QHHT, 2022-09-12 This book is founded upon the contents of my post-doctoral degree dissertation in the field of Theocentric Psychology, in a bid to simplify the intricacy of the Bible in a more reader-friendly manner. *Discovering the Kingdom Within* is the title that I have specifically chosen for this book in an attempt to illustrate just that. Why? Because many still believe that the Kingdom, or to be more precise, The Kingdom of God, is a physical abode that is situated outside of ourselves and in order to attain it, many penances are to be experienced before an austere deity so that punishment may be avoided. In this book, the

author has obliterated all biases and prejudices that pertain to religion and has henceforth substituted them with the humble metaphysical teachings of Jesus so that one may discover the ONENESS within and in all that is Based upon this premise the Kingdom becomes a part of who we are not something that we ought to anticipate for at the end of our earthly life

ThetaHealing: Diseases and Disorders Vianna Stibal, 2011-08-01 The perfect reference tool for those already familiar with the step by step processes of ThetaHealing ThetaHealing Diseases and Disorders contains all of the Programs Belief Systems intuitive insights remedies and supplements that Vianna has found to be of value for certain diseases and disorders based on experience of over 47 000 sessions with clients Alphabetised for quick reference this book addresses an extensive and varied list of ailments and points the way to a revolutionary path of healing With growing scientific evidence that toxic emotions can contribute to disease and increased awareness that emotions feelings and the power of thought have a direct bearing upon our physical health more and more people are now realising that changing how their minds influence their bodies can be of huge value in creating optimum health This book represents a valuable contribution to the new paradigm that is emerging in the world of healing and an attainable miracle for your life

Seven Planes of Existence Vianna Stibal, 2016-01-26 First developed twenty years ago by Vianna Stibal ThetaHealing is essentially applied quantum physics Using a theta brain wave which until now was believed to be accessible only in deep sleep or yogi level meditation the practitioner is able to connect with the energy of All That Is the energy in everything to witness healings of the physical body and to identify and change limiting beliefs This book is for those who have already started to experience the magic of this energy healing modality and wish to deepen their understanding of the Seven Planes of Existence the philosophy behind the creation of ThetaHealing Vianna presents exciting new information to help you take your skill with this work to the next level and brings the reader into dimensions that she believes to be the beginnings of life itself on a journey that leads outward past the universe to transform beliefs showing that with a theta state of mind it is possible to connect to a Divine Energy before it becomes anything in this universe

Commentary on 'The Cosmic Doctrine' John Michael Greer, 2023-03-28 A fascinating analysis of the most important work of occult philosophy in the 20th Century Dion Fortune's *The Cosmic Doctrine* is a foundational text which has been required reading for students of the occult since it was first published in 1956 In it she attempts to explain the meaning and evolution of the cosmos from the first beginnings to our lives today However the *The Cosmic Doctrine* isn't an easy book to read Its conciseness makes it hard going for every sentence requires close attention but the challenge it offers to its readers goes well beyond this In a phrase that has become famous in occult circles since its publication *The Cosmic Doctrine* is intended to

train the mind not to inform it it attempts to communicate to the reader an unfamiliar way of thinking and so a great deal of patience and hard work are required to grasp what it has to say Some of the difficulties however can be smoothed out by reframing and rephrasing the ideas Fortune presents and this is what this book aims to do John Michael Greer provides a learned and elucidating commentary on this classic text to allow students and teachers alike to more easily digest and understand this fantastic book

Gandalf's Battle on The Bridge In The Mines of Moria Ramtha,2011-06-01 Now there is a great story about what I am just telling you about in the great books called The Lord of the Rings And if you ever really want to read about the Observer versus humanity you should read them because they are really about truth It is a whole book about truth Now when the master teacher stands upon a very thin bridge and says to a monstrous necromancer ominous and dreadful that would cause shudder to you and the master stands and says you cannot pass that captures more brilliantly in myth than any other piece that was ever written about that which is termed the Observer and that which is called the voices of the necromancer You see here is the deeper message of that The necromancer could surely tear to pieces the master on the bridge because it is a thousand times larger than the master but the master has something the necromancer doesn't will

Ramtha *Changing the Timeline of Our Destiny* Ramtha,2011-06-01 When are you going to make a decision not to be confused And when are you going to make a decision not to be ill And when are you going to make a decision to be genius When are you going to make the decision that you don't have to struggle anymore And when are you going to finally realize that all of the worry in the world will never prevent what you have made a choice into being because it is you who are the ones that set it into motion Worry Why would you worry about something that in a moment you could correct with your mind How much longer do your manifestations of wealth and health and God realized and immortality a mind not only beautiful but filled with wit and honor and fearlessness how many more days are you going to postpone those in your life Ramtha *Who Are We Really?* Ramtha,2011-06-01 Why would you want to deny that you possibly could be a Spirit intransient that you possibly could be more than your body that you possibly could be more than what you have worked for all your life And why would you want to deny that Why would you not want to even consider it Well to deny that God lives within you is to deny that which is termed your ability for unlimited knowingness your ability for unlimited love your ability for unlimited power your ability to manifest what was called in elder times the kingdom of heaven Ramtha **That Elixir Called Love** Ramtha,2011-06-01 In this book Ramtha questions what is love really about Is it real What makes us fall in love What can we expect from our relationships What is there to learn about who we really are After almost two decades since the publication of *Love Yourself into Life* Ramtha reintroduces us with unmatched simplicity and genius to that mysterious subject at the heart of all human longing that elixir called love **Ramtha - The White Book** Ramtha,2011-06-01 The general introduction to Ramtha and his teachings now revised and expanded with a Foreword by JZ Knight a glossary of terms and concepts used by Ramtha a detailed index and a commentary essay showing the significance of Ramtha's teachings It

addresses questions on the Source of all existence our forgotten divinity life after death evolution love the power of consciousness and the mind lessons from nature and Ramtha's ascension *Jesus the Christ* Ramtha,2011-06-01 That Easter Sunday morning in this Great Hall and under that tree in stormy weather we truly celebrated Jesus life and all masters lives who chose to live the path of the master We celebrated his resurrection celebrated that he truly lived as the son of God and thereby rejoiced That is why he could put it on the line He was a being that was gifted with the royal blood He was an entity that had everything going for him and he could certainly seduce with that kind of power Ramtha **Buddha's Neuronet for Levitation** Ramtha,2011-06-01 If we have just discussed the viable science of levitation in which that you as a heavy three dimensional object vibrating according to the hertz of the planet allows you to have the same stability as mass itself if suddenly you were to change your field then the mass that you are made up of would change as well So it would vibrate you would still be you but you would be vibrating at another frequency In other words we can see you and you are still John Doe but you are not in the world because you are no longer obeying the laws of gravity and physics here So you are actually levitating fifteen feet above the floor we can see you but you are eating the surrounding time in this time And while you are sitting there you are actually in the future You are in another dimension of time that will one day be your linear future Ramtha Awakening to the Extraordinary Ramtha,2011-06-01 When is living the same boring existence enough When will you wake up and create a new dream and indeed a new paradigm In my lifetime I would term those adventures When you wake up and decide you wish to have an adventure the ways and means to that adventure simply fall into place because you want it and you are ready for it It is quite amazing This is a divine quality and is not coincidence Consciousness and energy creates the nature of reality and whatsoever you think becomes your life It is what gives you that essence of divinity Ramtha *The New March* Ramtha,2011-06-01 There are viruses that are intelligent that can change so fast You don't change but they do They are the host that is going to feed upon what is not going to change and they are going to destroy you How do you then prepare for a marching army that is silent quiet deceptive and invisible You have to be beings whose consciousness is so clean that there is no environment for such an army to march upon That is the only way you are going to survive what is about to happen to the West Ramtha **Forgotten Gods Waking Up** Ramtha,2011-06-01 And if no one ever teaches you to dream the unlimited dream if no one ever teaches you to breathe the breath of God's nostrils in spring and if no one ever teaches you to look at a midnight sky and contemplate the concepts of forever no one ever teaches you this then you will be forever separated by God its natural kingdom its illustrious beauty its intoxicating magic and enchantment You will never know it You are to learn that this is what the true nature of your being is and that when you learn this you will know that the Lord God of your being is not trying to take you from life but to wake you up in the midst of it And it is not one that argues for its limitation but barrels down the walls that limit you from expression Ramtha

Defining the Master Ramtha,2011-06-01 Does the life of the master exist for each of you Absolutely Is there anyone in

this room that does not have that immortal line of potential around you Everyone in this room has it more so because you have learned about it But why then wouldn't it make sense to say But if I know it is there how come I don't elect to be that It is not that we wish we could be a master it is much more than that it is that being the master isn't our common thought And if it were then the life that you are now living would dramatically change to be one of no past total clarity unattachment joy and living in the present moment where the magic presence is effervescent every moment Ramtha
