Hulme,2013-11-05 As Western aid budgets are slashed and government involvement with aid programmes reduced NGOs in the voluntary sector are finding themselves taking an ever increasing share of development work overseas As they do so they are forced to grow and to assume new responsibilities taking more important and wide ranging decisions in many cases without having had the chance to step back and review the options before them and the best ways of maximizing the impact they make This collection of essays explores the strategies available to NGOs to enhance their development work reviewing the ways that options can be understood appropriate programmes and likely problems *From the Plantation to the Prison* Tara T. Green,2008 According to George Jackson black men born in the US are conditioned to accept the inevitability of being imprisoned Being born a slave in a captive society and never experiencing any objective basis for expectation had the effect of preparing me for the progressively traumatic misfortune that led so many black men to the prison gate I was prepared for prison It required only minor psychic adjustments As Jackson writes from his prison cell his statement may seem to be only a product of his current status However history proves his point Indeed some of the most well known and respected black men have served time in jail or prison Among them are Martin Luther King Jr Malcolm X Marcus Garvey and Frederick Douglass This book is an examination of the various forms that imprisonment as asocial historical and political experience of African Americans has taken Confinement describes the status of individuals who are placed within boundaries either seen or unseen but always felt A word that suggests extensive implications confinement describes the status of persons who are imprisoned and who are unjustly relegated to a social status that is hostile rendering them powerless and subject to the rules of the authorities Arguably confinement appropriately describes the status of African Americans who have endured spaces of confinement which include but are not limited to plantations Jim Crow societies and prisons At specific times these spaces of confinement have been used to oppress African Americans socially politically and spiritually Contributors examine the related experiences of Malcolm X Bigger Thomas of Native Son and Angela Davis *The Overcome A Black Passover* Peter W. D. Bramble Ph.D.,2023-02-26 The Overcome a liturgy of black remembrance modeled on the Jewish Passover The awesome history of the passage since capture in Africa invites comparison with the Hebrew exodus and even the Holocaust Instead of recoiling from the hypercharged distinctions on both sides scholars might do well to follow the lead of Father Bramble and of Julius Lester Twenty one years have now passed since the Civil Rights Movement was consummated in the death sacrifice of Dr Martin Luther King Jr Dr King was concerned about this question Where do we go from here He addressed that issue in economic and political terms in 1967 This book is also concerned about that very question Where do we go from here But its answer is

different in the first instant I believe that the first move out of the crossroads or dilemma that is suggested by this question about direction must be essentially conceptual For there is no lack of programs activities or even money in the black communities of America We have enough of those The lack resides elsewhere and the solution as this book will indicate is rather simple But it does not reside in programs economics or things material It is a conceptual solution that is needed and that will be offered in this book This book is not written to become one among many others that treat black problems but it is written with the intent that it will serve to change the character and stature of blacks the world over It seeks to change character not by changing the name blacks are called or call each other one more time but by simply adding to the repertoire of black thinking certain essential concepts that are missing concepts about triumph winning the Overcome Some would immediately think that this book is simply playing with words Wrong One cannot think without concepts Concepts are more than words alone They carry descriptions prescriptions imperatives conditions etc with them whether spoken or not For example to tell someone you love that the roads outside are icy gives more than a simple description There is a silent imperative a command if you will to be careful in walking or driving And anyone who understands the true meaning of icy roads would immediately pick up the hidden imperative In like manner when through this book I declare the Overcome for blacks worldwide I am not simply changing the lyrics of a good and popular hymn or song We Shall Overcome After we establish the Overcome a black Passover the character of the black man and woman will change forever They will now be known as men and women who overcome whatever is negative in their lives or community The Overcome then becomes a character trait It is not about money in the first instance it will be consequently but about black propensities predispositions tendencies habits and character All the missing victory sub concepts relevant to the black man must now be plugged into the matrix of the super concept of the Overcome The black preacher and other leading change agents will need to offer saving content to the black Overcome ideas that are already present in the community but which cannot take root until they are incorporated in the shared value of the society The Overcome will collect and hold will interpret and pass on the successes winnings triumphs victories large and small of the community The Overcome which must be celebrated yearly on April 4 around Passover and Easter on the day our primary martyr was sacrificed will guarantee that as other more creative minds get to work on this redeeming concept of the Overcome The black Overcome like the Jewish Passover marks the beginning not the end of a victorious walk into the future

Beyond the Clash of Civilizations Mohamed Wa Baile, 2011-08-17 In today's ever changing and often uncertain world encouraging healthy dialogue between all cultures and religions is vital In *Beyond the Clash of Civilizations* Mohamed Wa Baile carefully explores how Muslims and people of other faiths can achieve a peaceful coexistence instead of being victims of conflict Wa Baile a follower and practitioner of Islamic religion has had the privilege of unconditional access to study Muslim communities in Switzerland There for the past ten years he has examined the interactions between Muslims and the complex introspective issues that often plague both individuals and families

Through attending hundreds of congregational prayers and interviews with Muslim leaders Wa Baile shares his thoughtful observations as he seeks new meanings and alternative ways of thinking that will help all Muslims understand and assess the real challenges that lie ahead It is up to the current generation to seek practical solutions and peaceful resolutions rather than insist on the narrative of one insular side or the other Beyond the Clash of Civilizations encourages a new respect for Islam with the hope of changing long held perceptions of both Muslims and non Muslims alike Overcome: Rite, Liturgy & Songs Peter W. D. Bramble Ph.D.,2023-02-24 The Overcome The Rev Dr Peter Bramble a black Episcopalian of Baltimore has written a proposed ritual he calls The Overcome a liturgy of black remembrance modeled on the Jewish Passover The awesome history of the passage since capture in Africa invites comparison with the Hebrew exodus and even the Holocaust Instead of recoiling from the hypercharged distinctions on both sides scholars might do well to follow the lead of Father Bramble and of Julius Lester Taylor Branch 1988 Pulitzer Prize Winner in New York Times book Review Section January 14 1990 Central to Dr Bramble s concept is the notion that Black people are inherently over comers who triumph over adversity because they have a propensity for greatness He acknowledges the tremendous problems facing the Black community but Overcome institutionalizes a core concept that Blacks have prevailed over their worst days of oppression but have not realized it because there is no watershed date or ceremony commemorating that moment of triumph the Black community has long needed a common story that the entire group could share and use to instill a sense of nationhood in both adults and children R B Jones Editor Baltimore Times the book belongs to the general genre of black liberation theology It is original in conceptualization and thesis Overcome and liberation when fully understood are present tense positions with a moral imperative to act and to bring to birth this is not a run of the mill book on religion or a sermon that one can sleep through Bramble s basic position is rooted in linguistic philosophy and the work of Gilbert Ryle in particular for whom the logical grammar of certain words and concepts has direct implications for the actions they impel Howard Fergus Ph D University of The West Indies The Rev Dr Bramble is rector of St Katherine of Alexandria Episcopa Church in Baltimore Maryland *Be Committed (Ruth & Esther)* Warren W. Wiersbe,2010-01-01 One was a foreigner and a peasant The other a reluctant queen to a man she hardly knew But their stories have one thing in common A remarkable faith committed to doing God s will For both Ruth and Esther God used stressful circumstances to bring about his eternal purposes Ruth s commitment to the God of Naomi affected every generation to come as she became an ancestor of King David and more importantly Jesus Christ Esther s obedience led to the preservation of her people at a moment in history when all seemed lost The stories of Ruth and Esther will make you contemplate Would I trust God enough to do what they did Go chapter by chapter through the books of Ruth and Esther to see how the lives of these two remarkable women epitomize the type of faith that glorifies God As you read ask yourself How does God want to use my faithful commitment Will he use your life to affect the generations to come or will he use your life to impact the current generation Either way author Warren Wiersbe helps you to be prepared and be committed
