(part two)* Phoenix Freebird A., 2012-12-07 Crew members lost and a new enemy even more powerful than the last though the last enemy is still a threat with time out of order The search for answers and anything to gain an advantage over the enemy is taking its toll on the morale of the D S P and the Captain just may be losing his mind in this the conclusion of Drunken Space Pirates Season 2 The Asinine Conspiracy *Australian Book Review*, 2005-03 **The Littlest Pirate** Sherryl Clark, 2006-11-07 Being the littlest pirate in his family Nicholas Nosh must stay home with his babysitter instead of going to sea But when the foul pirate Red Beard captures the Nosh family nothing can keep little Nicholas from setting sail for adventure Grades 1-3 *The Long Way Home* Patrick Chiles, 2025-07-01 Interstellar medic Melanie Mooney races against time to save her patients while unraveling cosmic mysteries and navigating the dangers of space all while longing for the Earth she left behind Find a Way Home Everything is relative Einstein said so After years of traversing the galaxy as an emergency medic Melanie Mooney is learning this in a personal way With each run to a far flung star system she is taken ever farther from her former life and not only in distance The penalty for zipping around the galaxy at light speed means time is moving slower for her than it is back home and the difference is adding up If Melanie ever hopes to return she must do so before the Earth she knew becomes as unrecognizable to her as the alien worlds of the Galactic Union Intergalactic travel is expensive far beyond anything Melanie can afford with her Medical Corps pay There may yet be a way

to not only get a free ride home but in a manner that would avoid the pernicious effects of relativity It s risky and will force Melanie to place her trust in some unsavory characters including the last person in the galaxy she wants to be caught dead with The trick will be not getting caught dead or hopelessly lost in dimensions of the universe where no human or alien belongs That s a lot for a woman who just wants to go home At the publisher s request this title is sold without DRM Digital Rights Management Praise for *Interstellar Medic The Long Run* T he adventure and alien culture encounters power a vivid tale that blends wry humor with action that sci fi readers will find refreshingly different from traditional genre reads and hard to put down Midwest Book Review Praise for *Frontier* Reading through the book it is very clear just how ripped from the headlines this book really is *Frontier* is an enjoyable near future science fiction thriller a lightning fast plot that feels like something that could be seen within the next hundred years *Warped Factor* Praise for *Frozen Orbit Eccentric Orbits* book one The story moves quickly with elements of both a spy thriller and a space race *Frozen Orbit* could make for an impressive movie one that would stand with greats such as *Contact* or *Interstellar* Booklist hard science fiction and an entertaining and gripping plot Chiles nails the atmosphere of a NASA run human spaceflight mission in the 21st century the jargon of the mission controllers and astronauts and the bureaucratic infighting characterizing today s NASA The scenario and background are the scaffolding on which a gripping tale is formed Readers experience the wonder the astronauts feel on a remarkable voyage groan as the Earth goes crazy as the expedition progresses and thrill to a powerful conclusion science fiction at its best The *Galveston County Daily News* Praise for *Farside* by Patrick Chiles The situations are realistic the characters interesting the perils harrowing and the stakes could not be higher John Walker *Ricochet* com a fast paced and exciting story that bounces between the borders of technological thriller and science fiction an impressive effort The *Galveston County Daily News* Praise for Patrick Chiles Chiles puts his military and aviation experience to good use writing science fiction with a hard edge of realism Technology we could build now and situations we re likely to face when we use it combine to give Chiles worlds and characters a verisimilitude that draws you in Rick Partlow best selling author of the *Drop Troopers* series [Drunken Space Pirates!](#) Phoenix Freebird A.,2009-06-30 Running from a mutinous crew sucked through a wormhole like in a bad sci fi movie and slowly running out of booze and that s just the beginning of this non traditional story that starts off as a simple captain s log book and evolves into something more like a really warped and twisted TV show in text Follow the Captain and crew on a series of seemingly random adventures where it s obvious it s not just the Captain who s been drinking At some point you may ask yourself is all this just coincidence or is there something dark and annoying on the horizon The Captain seems to have a drinking problem the problem being he never has enough to drink and people from his past keep showing up and ruining his buzz Akki a corrupted artificial intelligence who occasionally takes over the Captain s log has his own plans mostly self serving ones because he has nothing better to do The rest of the crew pirates hot chicks robots and a foul beaked little space penguin round out the *Drunken Space Pirates* and with all the wise cracks and shots
