Littlest Hobo:

Is Canada Even Real? J.C. Villamere, 2017-05-13 This quirky ode to a quirky land is a humorous nostalgia trip and a fun Canadian history lesson couched in a hipster quiz book If you've ever wondered Why is the inuksuk more revered than Wheelchair Jimmy Does the iconic beaver really represent us better than The Littlest Hobo Is everyone going canoeing without me or is canoeing way less of a thing than it's made out to be then this book is for you Is Canada even real It's a question that's being asked more and more thanks to our waterproof see through supposedly maple scented currency and our improbably hot prime minister's assertion that Santa lives here In the age of Google Maps and factcheck how could the existence of Canada be questioned And yet how could a nation that's the home of toboggans Drake and KD exist in the same realm as say Belgium or Niger Is Canada Even Real examines the cultural factors behind the twenty first century monolithic myth of Canada a nation that is lovable and real if only in your imagination

The Drive-In Guy Barefoot, 2023-11-16 The Drive In meaningfully contributes to the complex picture of outdoor cinema that has been central to American culture and to a history of US cinema based on diverse viewing experiences rather than a select number of films Drive in cinemas flourished in 1950s America in some summer weeks to the extent that there were more cinemagoers outdoors than indoors Often associated with teenagers interested in the drive in as a passion pit or a venue for exploitation films accounts of the 1950s American drive in tend to emphasise their popularity with families with young children downplaying the importance of a film programme apparently limited to old low budget or independent films and characterising drive in operators as industry outsiders They retain a hold on the popular imagination The Drive In identifies the mix of generations in the drive in audience as well as accounts that articulate individual experiences from the drive in as a dating venue to a segregated space Through detailed analysis of the film industry trade press local newspapers and a range of other primary sources including archival records on cinemas and cinema circuits in Arkansas California New York State and Texas this book examines how drive ins were integrated into local communities and the film industry and reveals the importance and range of drive in programmes that were often close to that of their indoor neighbours
