Hispanophone Poems in the US Press 1855 1901 argues that nineteenth century newspaper poems are inherently paratextual The paratextual situation of many newspaper poems their links to surrounding textual items and discourses their editorialisation through circulation the way poems were altered from newspaper to newspaper and their association and disassociation with certain celebrity bylines editors and newspaper titles enabled contemporaneous poetic value and taste that in the mid to late nineteenth century were not only sentimental Romantic and or genteel In addition to these important categories for determining a good and bad poem poetic taste and value were determined Bonifacio argues via arbitrary consequences of circulation paratextualisation typesetter error and editorial convenience *Living and Working* Dogma, 2022-05-24 An argument against the ideology of domesticity that separates work from home lavishly illustrated with architectural proposals for alternate approaches to working and living Despite the increasing numbers of people who now work from home in the popular imagination the home is still understood as the sanctuary of privacy and intimacy Living is conceptually and definitively separated from work This book argues against such a separation countering the prevailing ideology of domesticity with a series of architectural projects that illustrate alternative approaches Less a monograph than a treatise richly illustrated the book combines historical research and design proposals to envision home as a cooperative structure in which it is possible to live and work and in which labor is socialized beyond the family freeing inhabitants from the sense of property and the burden of domestic labor The projects aim to move the house beyond the dichotomous logic of male female husband wife breadwinner housewife and private public They include the reinvention of single room occupancy as a new model for affordable housing the reimagining of the simple tower and plinth prototype as host to a multiplicity of work activities and enlivening street life and a plan for a modular adaptable structure meant to house a temporary dweller All of these design projects conceive of the house not as a commodity the form of which is determined by its exchange value but as an infrastructure defined by its use value **United States Code** United States, 1982 **Congressional Record** United States. Congress, 1991 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 Hearings, Reports and Prints of the Senate Committee on Public Works United States.
