highest point of stardom to overcome the greatest of indignities whatever may be served to him and demonstrate the greatest of inspirational abilities making mankind far better for his appearance on this earth if he chooses as brief as it may be I believe that every man is sacred and when he realizes his individual worth he cannot help but strive for perfection and though he cannot find it in his own strength will realize that the God who made him loves him and will give him the strength he needs to overcome all tribulation and failure that we were made to be happy and excited about our existence and that we should live and learn to love life and embrace all it has to offer passionately eliminating the bad and enhancing the good for ourselves and our fellow man It is our God given responsibility to take this gift of life and the earth upon which we were given to live to learn to love God and our fellow man and that our journey is solely our own and affects all of us for the worse or the better according to the choices we make guided by our character And whether we like it or not all of our chosen activities affect each other and should lift up our fellow man as sacred and special as we lift ourselves up individually and to never forget that we are not here alone that God is watching every step we take and every action in our lives and we are held in judgment for how we treat ourselves our fellow man and our relationship with our Heavenly Father The Power Brain

Ilchi Lee, 2016-04-15 Our brains are a thousand times more incredible than anything else we will ever encounter Every great accomplishment human beings have achieved was the work of the brain In fact our brains possess infinite potential that allows us to do and be anything By using this potential well we become a Power Brain that can not only create our personal fate but that of the entire planet To develop our brains potential it s useful to liken the brain to a computer with an operating system We have a Brain Operating System BOS composed of our beliefs and preconceptions that we can change and upgrade until our brains run optimally Recognizing the potential in our brain beyond what we ve been able to use so far Ilchi Lee began investigating brain development principles and methods He compiled them into a comprehensive self development system with five steps called Brain Education Refined over the years by new scientific research and the experiences of those who use it Brain Education has become an academic discipline that s presented in a variety of ways including school educational programs and corporate training While The Power Brain is primarily about the brain this book does not focus on the anatomical or neuro physiological functions of the brain Rather it serves as a Brain Operating System user s manual that describes how to use our brain to discover our value recreate the story of our lives and claim a new destiny Improving our lives and consequently our world through brain development is a skill that anyone can understand practice and apply to everyday life **Secrets of Professional Tournament Poker, Volume 2** Jonathan Little, Jonathan Little is a highly successful poker professional who has won over 4 million in tournament play His first book Secrets of Professional Tournament Poker Volume 1 dealt with the fundamentals of play In this second book he builds on this base by examining the highly complex issue of how to handle the different stages of a tournament As well as outlining a technically accurate style of play Jonathan also discusses a number of other topics that are crucial to success at poker These include How to spot tells and

avoid giving them Correct etiquette Practical tips for tournament play Managing life as a professional poker player throws up a number of issues in itself and Jonathan calls upon his many years as a pro to address these They include Developing your poker skills Mental physical approaches required for successful play As well as being one of the world s best players Jonathan has been a highly respected coach for many years In the final section of the book he draws on his experience here to answer the most common FAQ s asked by students and also offers an in depth analysis of 30 hands from tournament play which outline many of the concepts discussed in the book In his professional career he has won the WPT twice In 2010 he cashed 5 times in the WSOP including a third place finish

Live Your Sunshine Lesley MacCulloch,2017-07-11 We are brought up in a world where living in fear is both encouraged and accepted Its normal to feel doubt to feel guilt to feel anger to feel a failure Its normal to lack enjoyment self confidence and fulfilment Its normal to live our lives according to what other people want of us or what we think other people want of us and to feel that in a world where we constantly criticise and compare were simply not good enough But good enough for what And in whose view Its time to turn that thinking around You are good enough You were born with confidence and a healthy self esteem You were born to smile more You were born to feel ease to feel well and to listen to your heart and your intuition And you can reconnect with that you You can live true to yourself and you can feel contentment joy and harmony You can find peace acceptance and inner strength You are perfect human worthy You are special You are you and the world needs you Free the spirit thats still burning deep inside you and shine You are and you can
