Sufism and the Scriptures Fitzroy Morrissey, 2020-12-10 The Sufi thinker Abd al Karim al Jili d 1408 is best known for his treatment of the idea of the Perfect Human yet his masterpiece al Insan al kamil The Perfect Human is in fact a wide ranging compendium of Sufi metaphysical thought in the Ibn Arabian tradition One of the major topics treated in that work is sacred history the story of God s revelation of the truth to humanity through His prophets and scriptures Fitzroy Morrissey provides here the first in depth study of this important section of al Jili s major work and the key ideas contained within it Through a translation and analysis of the key passages on the Qur an Torah Psalms and Gospel it shows how al Jili s view of sacred history is conditioned by his Ibn Arabian Sufi metaphysics whereby the phenomenal world is viewed as a manifestation of God and the prophets and scriptures as special places where the divine attributes appear more completely It also looks at how this idea influences al Jili s understanding of the hierarchy of prophets scriptures and religions The book argues that contrary to common assumptions al Jili s Sufi metaphysical view of sacred history is in keeping with the common medieval Muslim view of sacred history whereby the Qur an is viewed as the best of scriptures Muhammad as the best of prophets and Islam as the best religion The book therefore not only gives an insight into a key text within medieval Sufi thought but also has ramifications for our understanding of medieval Sufi views on the relationship between Islam and other religions

The Nature of the Early Ottoman State Heath W. Lowry, 2012-02-01 Drawing on surviving documents from the fourteenth and fifteenth centuries The Nature of the Early Ottoman State provides a revisionist approach to the study of the formative years of the Ottoman Empire Challenging the predominant view that a desire to spread Islam accounted for Ottoman success during the fourteenth century advance into Southeastern Europe Lowry argues that the

primary motivation was a desire for booty and slaves The early Ottomans were a plundering confederacy open to anyone Muslim or Christian who could meaningfully contribute to this goal It was this lack of a strict religious orthodoxy and a willingness to preserve local customs and practices that allowed the Ottomans to gain and maintain support Later accounts were written to buttress what had become the self image of the dynasty following its incorporation of the heartland of the Islamic world in the sixteenth century

Ten Hispano-Arabic Strophic Songs in the Modern Oral Tradition Benjamin M. Liu, Liu M. Benjamin, James T. Monroe, 1989-01-01 This work explores the literary and musical connections between Hispano Arabic strophic songs of the muwashshaha zajal genre and their medieval Romance cognates the ballata cantiga dansa rondeau villancico and virelai The authors begin with a general essay based on recent scholarship in Arabic Romance and ethnomusicological studies and then present a translation of Al Tifashi's key 13th century Arabic treatise on the musical tradition of Arab Spain The appendices provide texts and translations of ten poems that modern scholarship attributes to or authenticates as part of the Hispano Arabic song repertory and musical notations of these texts as sung in Arab countries today The authors suggest that the living tradition of Andalusian music surviving in the Arab world preserves a priceless echo be it ever so distorted of the lost tradition of Hispano Arabic songs They conclude that this tradition was a subtle blending of imported Oriental elements combined with others native to the Romance speaking Iberian Peninsula
