Ending Unemployment Melvin R. Levin, 1982 *Hearings, Reports and Prints of the Senate Committee on the Budget* United States. Congress. Senate. Committee on the Budget, 1975 **Fiscal Alternatives in 1975, a Preliminary Staff Report, Mar. 3 1975** United States. Congress. Senate. Committee on the Budget, 1975 Fiscal Alternatives in 1975 United States. Congress. Senate. Committee on the Budget, 1975 *The Academy of Management Review* Academy of Management, 1987 *Modern Social Politics in Britain and Sweden* Hugh Hecló, 2024-10-31 *Modern Social Politics in Britain and Sweden* was the winner of the 1974 Woodrow Wilson Foundation Book Award for the best book published in the United States on government politics or international affairs Hecló painstakingly analyses the evolution of income maintenance policies over the past 100 years in Britain and Sweden in an effort to explain why these policies evolved as they did He thus poses a question of fundamental importance to both policy and political science and he produces an answer which is neither obvious nor dramatic but which is original discriminating and persuasive His book is an unusually judicious combination of political theory historical research comparative method and policy analysis And not to be overlooked is the fact that all this is expressed in a crisp literate prose style of the sort which has unfortunately become somewhat rare in our profession *Modern Social Politics* represents a major contribution to the discipline on not one but several fronts and stands as a model of how political scientists can tease out of history answers to the question why Samuel P Huntington Chairman of the Award Committee I only wish I had this book at my disposal when I was lecturing on comparative welfare states as a visiting professor Hecló has done his work thoroughly delving equally into the British records of which I have some knowledge and into the Swedish records where I have none I can only assume that he is bilingual a great advantage in a work of this kind he has put this facility to excellent use Edwin Lord Samuel *Journal of Economic Literature* This book is an important and significant contribution to our understanding of the politics of income maintenance policies on a cross national basis and it provides a fascinating study of the impact of political culture on the policymaking process A valuable contribution to all students of European politics and to students of comparative public policy *Perspective International Encyclopedia of Social Policy* Tony Fitzpatrick, Huck-ju Kwon, Nick Manning, James Midgley, Gillian Pascall, 2013-07-04 Available in paperback for the first time this milestone work offers an in depth treatment of all aspects of the discipline and practice of social policy globally Supported by a distinguished international advisory board the editors have compiled almost 900 000 words across 734 entries written by 284 leading specialists to provide authoritative coverage of concepts policy actors welfare institutions and services along a series of national regional and transnational dimensions Also included are biographical entries on major policy makers and shapers The editors have particularly striven to provide strong coverage of differing geographical and cultural traditions so that the variety of social policy as both an academic discipline and a domain of governance is reflected Contributors draw in and make the necessary connections with social policy s associated

disciplines to provide a rich picture of this vast and highly diverse field Comprehensive and authoritative the Encyclopedia has sought to open up rather than to foreclose the numerous areas in which there is on going research debate and sometimes serious disagreement and divergence in theory and practice To this end entries attempt to introduce a core or common ground of understanding before moving on to a wider discussion of debates regarding different conceptual and geographical approaches The whole is integrated by cross referencing and each entry includes a bibliography for further reading There is a full index The International Encyclopedia of Social Policy provides the most substantial mapping of the international study and practice of social policy to date and will stand as a vital storehouse of knowledge for many years to come **The Ends**
