## Eng And Chang:

The Lives of Chang & Eng Joseph Andrew Orser, 2014 Lives of Chang and Eng Siam's Twins in Nineteenth Century America  
*Chang and Eng* Darin Strauss, 2001-05-01 This stunning novel combines fiction with astonishing fact to tell the story of history's most famous conjoined twins Born in Siam in 1811 on a squalid houseboat on the Mekong River Chang and Eng Bunker were international celebrities before the age of twenty Touring the world's stages as a circus act they settled in the American South just prior to the Civil War They eventually married two sisters from North Carolina fathering twenty one children between them and lived for more than six decades never more than seven inches apart attached at the chest by a small band of skin and cartilage Woven from the fabric of fact myth and imagination Strauss's narrative gives poignant articulate voice to these legendary brothers and humanizes the freakish legend that grew up around them Sweeping from the Far East and the court of the King of Siam to the shared intimacy of their lives in America Chang and Eng rescues one of the nineteenth century's most fabled human oddities from the sideshow of history drawing from their extraordinary lives a novel of exceptional power and beauty  
Eng and Chang David Collins, 1994-07-01 The life story of the congenitally joined twins born in Siam Thailand in 1811  
Chang and Eng Reconnected Cynthia Wu, 2012 Conjoined twins Chang and Eng Bunker have fascinated the world since the 19th century In her captivating book *Chang and Eng Reconnected* Cynthia Wu traces the Original Siamese Twins through the terrain of American culture showing how their inseparability underscored tensions between individuality and collectivity in the American popular imagination Using letters medical documents and exhibits literature art film and family lore Wu provides a trans historical analysis that presents the Bunkers as both a material presence and as metaphor She also shows how the twins figure in representations of race disability and science in fictional narratives about nation building As astute entrepreneurs the twins managed their own lives nonetheless as *Chang and Eng Reconnected* shows American culture has always viewed them through the multiple lenses of difference  
Eng & Chang David R. Collins, 1994 A biography of Eng and Chang the congenitally united twins born in Siam Thailand in 1811  
*Chang and Eng* Darin Strauss, 2000 Born attached at the chest Chang and Eng Bunker were the Siamese twins for whom the term was coined one of the nineteenth century's most fabled human oddities Taken from Thailand as adolescents Chang and Eng toured the world's stages finding celebrity while performing in a cage Fighting for respect their whole lives they were greeted by royalty toasted by London and yet mocked by carnival crowds The twins eventually married two sisters and embarked on one of history's most fascinating and unlikely romantic journeys as they fathered twenty one children But the most compelling and mysterious relationship they endured was their own Narrated by Eng Chang and Eng follows the twins from poverty to wealth from solitude to boundless love from the court of the King of Siam to the crowded bedroom of their North Carolina home
