Maier, 2009-01-06 If engineering is the art and science of technical problem solving systems architecting happens when you don't yet know what the problem is The third edition of a highly respected bestseller The Art of Systems Architecting provides in depth coverage of the least understood part of systems design moving from a vague concept and limited resources

The Tragedy of American Compassion Marvin Olasky, 1994-02-01 This is a book of hope at a time when just about everyone but Marvin Olasky has lost hope The topic is poverty and the underclass The profound truth that Marvin Olasky forces us to confront is that the problems of the underclass are not caused by poverty Some of them are exacerbated by poverty but we know that they need not be caused by poverty for poverty has been the condition of the vast majority of human communities since the dawn of history and they have for the most part been communities of stable families nurtured children and low crime It is wrong to think that writing checks will end the problems of the underclass or even reduce them
