End Of The Alpha Text Of Esther:

The End of the Alpha Text of Esther Kristin De Troyer,2000 **The End of the Alpha Text of Esther** Kristin De Troyer,2000 Esther Jean-Daniel Macchi,2019-02-20 The Book of Esther is one of the five Megillot It tells the story of a Jewish girl in Persia who becomes queen and saves her people from a genocide The story of Esther forms the core of the Jewish festival of Purim The commentary presents a literary analysis of the text taking into account the inclusion and arrangement of different pericopes and an analysis of the narration Likewise it will discuss the style the syntax and the vocabulary The examination of the intellectual context of the book biblical and extrabiblical textual traditions on which the book is based and with which it is in intertextual dialogue leads to a discussion of the redactional process and the historical and social contexts in which the authors and redactors worked *Esther* Hanna Kahana,2005 This book is essentially a very exacting comparison between the Septuaginta translation of the Esther Scroll and its Hebrew text Each and every verse in the Scroll is graphically presented in a four columned table in which we inserted the Hebrew text broken up into syntactically coherent short phrases its Greek counterpart and the English translations of the Hebrew and Greek phrases respectively In the running commentary we discuss the additions and the omissions examine how the Translator succeeded in rendering especially difficult and complicated Hebrew verses and try to throw light on his language his methods and his translational idiosyncrasies We also quote the Vulgate the Aramaic Targumim and the Greek A Text and in most cases translate them too in English The added value of this book is the synoptic graphic presentation of each verse which enables one to get an immediate impression of the two texts and their juxtaposition *Passion, Persecution, and Epiphany in Early Jewish Literature* Nicholas Peter Legh Allen,Pierre J. Jordaán,József Zsengellér,2020-04-08 This volume examines Jewish literature produced from c 700 B C E to c 200 C E from a socio theological perspective In this context it offers a scholarly attempt to understand how the ancient Jewish psyche dealt with times of extreme turmoil and how Jewish theology altered to meet the challenges experienced The volume explores various early Jewish literature including both the canonical and apocryphal scripture Here reference is often made to a divine epiphany a moment of unexpected and prodigious revelation or insight as a response to abuse suffering and passion Many of the chapters deal with these issues in relation to the Antiochan crisis of 169 to 164 B C E in Judea one of the more notable periods of oppression This watershed event appears to have served as a catalyst for the new apocalyptic texts which were produced up until c 200 C E and which reflect a new theological dynamic in Judaism one that informed subsequent Christianity and Rabbinic Judaism *Passion Persecution and Epiphany in Early Jewish Literature* will be of interest to anyone working on the Bible both Masoretic and LXX and early Jewish literature as well as students of Jewish history and the Levant in the classical period **Between Evidence and Ideology** Bob E.J.H. Becking,Lester Grabbe,2010-11-11 The essays in this volume deal with the re construction of the history of Ancient Israel and how that historywriting is influenced by ideology and informed by the evidence **Performances of Ancient Jewish**

Letters Marvin Lloyd Miller, 2015-09-16 This ambitious and engaging book sets itself the task of combining a wide range of approaches to cast new light on the form and function of several ancient Jewish letters in a variety of languages The focus of *The Performance of Ancient Jewish Letters* is on applying a new emerging field of performance theory to texts and arguing that letters and other documents were not just read in silence as is normal today but were performed especially when they were addressed to a community A distinctive feature of this book consists of being one of the first to apply the approach of performance criticism to ancient Jewish letters Previous treatments of ancient letters have not given enough consideration to their oral context however this book prompts the reader to listen sympathetically with the audience The Performance focuses close attention on the ways in which the engagement of the audience during the performance of a text might be read from traces present in the text itself This book invites the audience to hear a fresh reading of a family letter from Hermopolis concerning ugly tunics and castor oil festal letters about issues surrounding the celebration of Passover Purim and Hanukkah a diaspora letter on how to live in a foreign land and also an official letter concerning the building of the Jerusalem temple These letters will help us understand a text from the Dead Sea Scrolls namely MMT Marvin L Miller argues for the centrality of performance in the life of Jews of the Second Temple period an area of study that has been traditionally neglected The Performance advances the fields of orality and epistolography and supplements other scholars works in those fields

Rewriting the Sacred Text Kristin De Troyer, 2003-01-01 Readers may be surprised at the complex course that many biblical texts traveled between original composition and inclusion in the Jewish or Christian canons of Scripture Four different patterns of development are examined and evaluated in this study **Early Jewish Writings** Eileen Schuller, Marie-Theres Wacker, 2017-07-07 New from the Bible and Women Series This collection of essays deals with aspects of women and gender relations in early Judaism during the Persian Greek and Roman empires Some essays focus on specific writings the Greek Septuagint version of Esther Judith Joseph and Aseneth and the Letter of Jeremiah Others explore how certain biblical texts are reinterpreted Eve in the Life of Adam and Eve the mixing of the sons of God with the daughters of men from Genesis 6 1 4 the Egyptian princess at the birth of Moses and how Josephus retells biblical stories The third group of essays explore specific social contexts Philo's views of women in the Roman empire the Sectarian Dead Sea Scrolls and women philosophers of the Therapeutae in Egyptian Alexandria Features An International team of contributors from Europe and North America A breadth of materials covered including many lesser known early Jewish writings Focus is on a gendered perspective and gender specific questions **Dictionary of the Old Testament: Wisdom, Poetry and Writings**

TREMPER LONGMAN III, PETER ENNS, 2020-05-21 The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch the histories or the prophets The divine voice does not peal from Sinai there are no narratives carried along by prophetic interpretation nor are oracles declaimed by a prophet Here Scripture often speaks in the words of human response to God and God's world The hymns laments and thanksgivings of Israel the dirge of

Lamentations the questionings of Qohelet the love poetry of the Song of Songs the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives This third Old Testament volume in IVP's celebrated Black Dictionary series offers nearly 150 articles covering all the important aspects of Job Proverbs Ecclesiastes Psalms Song of Songs Lamentations Ruth and Esther Over 90 contributors many of them experts in this literature have contributed to the Dictionary of the Old Testament Wisdom Poetry and Writings This volume maintains the quality of scholarship that students scholars and pastors have come to expect from this series Coverage of each biblical book includes an introduction to the book itself as well as separate articles on their ancient Near Eastern background and their history of interpretation Additional articles amply explore the literary dimensions of Hebrew poetry and prose including acrostic ellipsis inclusio intertextuality parallelism and rhyme And there are well rounded treatments of Israelite wisdom and wisdom literature including wisdom poems sources and theology In addition a wide range of interpretive approaches is canvassed in articles on hermeneutics feminist interpretation form criticism historical criticism rhetorical criticism and social scientific approaches The Dictionary of the Old Testament Wisdom Poetry and Writings is sure to command shelf space within arm's reach of any student teacher or preacher working in this portion of biblical literature

The Presence and Absence of God Ingolf U. Dalferth, 2009 Safeguarding the distinction between God and world has always been a basic interest of negative theology But sometimes it has overemphasized divine transcendence in a way that made it difficult to account for the sense of God's present activity and experienced actuality Criticisms of the Western metaphysics of presence have made this even more difficult to conceive On the other hand there has been a widespread attempt in recent years to base all theology on religious experience the Christian church celebrates God's presence in its central sacraments of baptism and Eucharist process thought has re conceptualized God's presence in panentheistic terms and some have argued that God might be poly present not omnipresent But what does it mean to say that God is present or absent For Jews Christians and Moslems alike God is not an inference an absentee entity of which we can detect only faint traces in our world On the contrary God is present reality indeed the most present of all realities However belief in God's presence cannot ignore the widespread experience of God's absence Moreover there is little sense in speaking of God's absence if it cannot be distinguished from God's non presence or non existence So how are we to understand the sense of divine presence and absence in religious and everyday life This is what the essays in this volume explore in the biblical traditions in Jewish and Christian theology and philosophy and in contemporary philosophy of religion

Esther against Joseph's Backdrop Gabriel Fischer Hornung, 2024-08-05 An examination of MT Esther's relationship to the Joseph story this study employs recent advances in author oriented biblical intertextuality to address the debate concerning the religious purpose of the Scroll While previous scholarship has seen Esther's divine silence indicating God's hidden hand the characters or readers quiet faiths or the secular concerns of an ancient Jewish nationalism key aspects of Esther's allusive character illustrate how the book purposefully constructs a theology of divine absence As good looking Israelites continue to rise in foreign courts to deliver themselves and their people from imminent dangers the patterns God initiated in the Egyptian past are shown to extend into the Persian present even

when the divine remains out of sight Since this diachronically oriented analysis suggests this theological interest was developed by Esther's authors it engages with Esther's ancient Greek witnesses to demonstrate that the MT redactors altered an earlier version of the Scroll to position the Hebrew Megillah alongside Joseph's instructive backdrop By attending to these historical and interpretive issues this work thus speaks to both Scroll scholarship and the study of inner biblical allusions

Cosmos and Creation Michael W. Duggan, Renate Egger-Wenzel, Stefan C. Reif, 2020-02-10 This volume contains essays by some of the leading scholars in the study of the Jewish religious ideas in the Second Temple period that led up to the development of early forms of Rabbinic Judaism and Christianity Close attention is paid to the cosmological ideas to be found in the Ancient Near East and in the Hebrew Bible and to the manner in which the translators of the Hebrew Bible into Greek reflected the creativity with which Judaism engaged Hellenistic ideas about the cosmos and the creation The concepts of heaven and divine power human mortality the forces of nature combat myths and the philosophy of wisdom as they occur in 2 Maccabees Ben Sira Wisdom of Solomon and Tobit are carefully analysed and compared with Greek and Roman world views There are also critical examinations of Dead Sea scroll texts early Jewish prayers and Hebrew liturgical poetry and how they these adopt adapt and alter earlier ideas The editors have included appreciations of two major figures who played important roles in the study of the Second Temple period and in the history and development of the ISDCL namely Otto Kaiser and Alexander Di Lella who died recently and are greatly missed by those in the field
