Demand the Impossible: One Lawyer's Pursuit of Equal Justice for All Robert L. Tsai, 2024-03-12 How four Supreme Court cases in recent years all argued and won by one indomitable lawyer are central to the pursuit of equal justice in America Stephen Bright emerged on the scene as a cause lawyer in the early decades of mass incarceration when inflammatory politics and harsh changes to criminal justice policy were crashing down on the most vulnerable members of society He dedicated his career to unleashing social change by representing clients that society had long ago discarded and advocated for all to receive a fair trial In *Demand the Impossible* Robert L Tsai traces Bright s remarkable career to explore the legal ideas that were central to his relentless pursuit of equal justice For nearly forty years Bright led the Southern Center for Human Rights a nonprofit that provided legal aid to incarcerated people and worked to improve conditions within the justice system He argued four capital cases before the US Supreme Court and won each one despite facing an increasingly hostile bench With each victory he brought to light how the law itself had become corrupted by the country s thirst for severe punishment exposing prosecutorial misconduct continuing racial inequality inadequate safeguards for people with intellectual disabilities and the shameful quality of legal representation for the poor Organized around these four major Supreme Court cases each narrated in vivid and dramatic detail Tsai s essential account explores the racism built into the criminal justice system and the incredible advancements one lawyer and his committed allies made for equal rights An electrifying work of legal history *Demand the Impossible* reveals how change can be won in even the most challenging times and how seemingly small victories can go on to have outsized effects

Survived by One Robert E. Hanlon, Thomas V Odle, 2013-08-06 On November 8 1985 18 year old Tom Odle brutally murdered his parents and three siblings in the small southern Illinois town of Mount Vernon sending shockwaves

throughout the nation The murder of the Odle family remains one of the most horrific family mass murders in U S history Odle was sentenced to death and after seventeen years on death row expected a lethal injection to end his life However Illinois governor George Ryan s moratorium on the death penalty in 2000 and later commutation of all death sentences in 2003 changed Odle s sentence to natural life The commutation of his death sentence was an epiphany for Odle Prior to the commutation of his death sentence Odle lived in denial repressing any feelings about his family and his horrible crime Following the commutation and the removal of the weight of eventual execution associated with his death sentence he was confronted with an unfamiliar reality A future As a result he realized that he needed to understand why he murdered his family He reached out to Dr Robert Hanlon a neuropsychologist who had examined him in the past Dr Hanlon engaged Odle in a therapeutic process of introspection and self reflection which became the basis of their collaboration on this book Hanlon tells a gripping story of Odle s life as an abused child the life experiences that formed his personality and his tragic homicidal escalation to mass murder seamlessly weaving into the narrative Odle s unadorned reflections of his childhood finding a new family on death row and his belief in the powers of redemption As our nation attempts to understand the continual mass murders occurring in the U S *Survived by One* sheds some light on the psychological aspects of why and how such acts of extreme carnage may occur However *Survived by One* offers a never been told perspective from the mass murderer himself as he searches for the answers concurrently being asked by the nation and the world

The Spectacle of Death Kristin Boudreau, 2006-04-04 In 1787 Benjamin Rush cautioned that public punishments were dangerous to the social and legal authority of the new nation For Rush irrepressible human sentiments all but guaranteed that public punishments would turn spectators against the institutions responsible for the punishments Although public executions of criminals ended early in the 19th century debate over the morality of capital punishment has continued to this day In this unique and fascinating glimpse into public reactions to prominent executions from colonial times to the 1990s Kristin Boudreau focuses on the central role of populist often ephemeral literary forms in shaping attitudes toward capital punishment Surveying popular poems ballads plays and novels she shows that at key times of social unrest in American history many Americans have felt excluded by the political and legal processes and have turned instead to inexpensive literary forms of expression in an attempt to change the course of history Among the significant capital cases that the author discusses are the Haymarket anarchist trial of 1886 the lynching of Leo Frank in 1914 the murder of Emmett Till in 1955 and its effects on the Civil Rights movement Norman Mailer s treatment of the Gary Gilmore case in the 1979 novel *The Executioner s Song* and the 1998 execution of Karla Faye Tucker a convicted murderer who became a born again Christian on death row In the concluding chapter Boudreau examines contemporary writers musicians actors and other artists who are using their artistic media to influence official policies of states that permit capital punishment By examining these neglected texts Boudreau brings to light a compelling story about ordinary Americans fighting an entrenched legal system at times of great national crisis

American Prisons David

Musick, Kristine Gunsaulus-Musick, 2017-05-18 Imprisonment has become big business in the United States Using a history of ideas approach this book examines the cultural underpinnings of prisons in the United States and explores how shared ideas about imprisonment evolve into a complex loosely connected nationwide system of prisons that keeps enough persons to populate a small nation behind bars razor wire and electrified fences Tracing both the history of the prison and the very idea of imprisonment in the United States this book provides students with a critical overview of American prisons and considers their past their present and directions for the future Topics covered include a history of imprisonment in America from 1600 to the present day the twentieth century prison building binge the relationship between U S prisons and the private sector a critical account of capital punishment less visible prison minorities including women children and the elderly and sex violence and disease in prison This comprehensive book is essential reading for advanced courses on corrections and correctional management and offers a compelling and provocative analysis of the realities of American penal culture from past to present It is perfect reading for students of criminal justice corrections penology and the sociology of punishment

Beyond the Usual Beating Andrew S. Baer, 2020-04-10 The malign and long lasting influence of Chicago police commander Jon Burge cannot be overestimated particularly as fresh examples of local and national criminal justice abuse continue to surface with dismayingly frequency Burge s decades long tenure on the Chicago police force was marked by racist and barbaric interrogation methods including psychological torture burnings and mock executions techniques that went far beyond the usual beating After being exposed in 1989 he became a symbol of police brutality and the unequal treatment of nonwhite people and the persistent outcry against him led to reforms such as the abolition of the death penalty in Illinois But Burge hardly developed or operated in a vacuum as Andrew S Baer explores to stark effect here He identifies the darkness of the Burge era as a product of local social forces arising from a specific milieu beyond the nationwide racialized reactionary fever of the 1960s and 1970s Similarly the popular resistance movements that rallied in his wake actually predated Burge s exposure but cohered with unexpected power due to the galvanizing focus on his crimes and abuses For more than thirty years a shifting coalition including torture survivors their families civil rights attorneys and journalists helped to corroborate allegations of violence free the wrongfully convicted have Burge fired and incarcerated and win passage of a municipal reparations package among other victories *Beyond the Usual Beating* reveals that though the Burge scandal underscores the relationship between personal bigotry and structural racism in the criminal justice system it also shows how ordinary people held perpetrators accountable in the face of intransigent local power

Reauthorization of the Innocence Protection Act United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, Terrorism, and Homeland Security, 2010 *A Life and Death Decision* Scott E. Sundby, 2007-10-02 A gripping exploration of a jury s members perspectives on the most wrenching decision the death sentence With a life in the balance a jury convicts a man of murder and now has to decide whether he should be put to death Twelve people now face a momentous choice Bringing drama to life

A Life and Death Decision gives unique insight into how a jury deliberates We feel the passions anger and despair as the jurors grapple with legal moral and personal dilemmas The jurors voices are compelling From the idealist to the holdout the individual stories of how and why they voted for life or death drive the narrative The reader is right there siding with one or another juror in this riveting read From movies to novels to television juries fascinate Focusing on a single case Sundby sheds light on broader issues including the roles of race class and gender in the justice system With death penalty cases consistently in the news this is an important window on how real jurors deliberate about a pressing national issue

PSALMS 71 2 DELIVER ME IN THY RIGHTEOUSNESS AND CAUSE ME TO ESCAPE INCLINE THINE EAR UNTO ME AND SAVE ME I titled this book The Great X Cape because I always thought of myself as invincible as most of us do and some more than others The Bible says that as a man thinketh in his heart so is he Proverbs 23 7 Not in this case Imagine having Aquaman as your hero but he can't even swim or Superman and Batman and they can't fly I had my own self made cape that I wore everywhere I went being my own superhero I had much faith in myself in my abilities my talents my intelligence and all of the things that failed me in my time of need Today I am a retired superhero surrendering my cape to the One who rightfully deserves to wear it The One who does not fail in our time of need who truly is my Hero and has saved me from the biggest enemy I've ever had myself There are many things in my life that God has allowed me to escape from and by the end of my book I will have listed a lot of them but truly I just can't tell it all By coming to the end of faith in myself I found faith in Him By coming to the end of my own life I finally found His and that is truly the greatest escape that we can ever make

John Stuart Mill's Political Philosophy John R. Fitzpatrick,2006-06-15 In the aftermath of the terrorist attacks of September 11 2001 the philosophy of John Stuart Mill has never been more relevant Can we reconcile individual liberty with the demands of the common good John Fitzpatrick argues that properly understood Mill's liberal utilitarianism can indeed support a system of rights rich enough to guarantee individual liberty Combining fresh interpretations of Mill's writings on ethics politics and political economy with the historical Mill that can be found in his autobiography the book will be of substantial interest to a wide audience **Condemned to Die** Robert Johnson,2018-12-07 Condemned to Die is a book about life under sentence of death in American prisons The great majority of condemned prisoners are confined on death rows before they are executed Death rows typically feature solitary confinement a harsh regimen that is closely examined in this book Death rows that feature solitary confinement are most common in states that execute prisoners with regularity which is to say where there is a realistic threat that condemned prisoners will be put to death Less restrictive confinement conditions for condemned prisoners can be found in states where executions are rare Confinement conditions matter especially to prisoners but a central contention of this book is that no regimen of confinement under sentence of death offers its inmates a round of activity that might in any way prepare them for the ordeal they must face in the execution chamber when they are put to death In a basic and profound sense all condemned prisoners are warehoused for death in the shadow

of the executioner Human warehousing seen most clearly on solitary confinement death rows violates every tenet of just punishment no legal or philosophical justification for capital punishment demands or even permits warehousing of prisoners under sentence of death The punishment is death There is neither a mandate nor a justification for harsh and dehumanizing confinement before the prisoner is put to death Yet warehousing for death of an empty and sometimes brutal nature is the universal fate of condemned prisoners The enormous suffering and injustice caused by this human warehousing rendered in the words of the prisoners themselves is the subject of this book [For the Living of These Days](#) David L. Petty,2016-02-25 I m on death row the state wants to kill me but I m innocent Can you help me get through these days In this manner I was invited to become Joe s pen pal My agreement set in motion a long arduous pilgrimage Little in my background seemed suitable for such an undertaking yet I had personally wrestled with the issues of criminal behavior corrections and capital punishment Also as a Christian I felt that there was a spiritual dimension to be explored If execution was to come shouldn t we deal with Job s question If a man die will he live again Indeed I believe that all people should prepare for the aftermath of physical death Joe was an exceptional young man an atypical inmate He was a scholar in a place where such would be deemed next to impossible He was a trusty in a place where the rank and file would ridicule industriousness He became a saint in a place where unrepentant sinners were the norm The pending peril of execution became the linchpin for our ongoing exchanges regarding the issues of capital punishment and spiritual readiness for early death [For the Living of These Days](#) was for both of us a living toward dying But isn t that true for everyone [Help for Questioning Christians](#) John T. Whitehead,2025-03-31 [Help for Questioning Christians](#) by John Whitehead is a guide for Christians to recent scholarly writing on key moral issues such as the Prosperity Gospel abortion euthanasia homosexual sexual activity physician assisted suicide the death penalty and Christian nationalism While many official church documents assert that several of these issues are immoral and sinful there are theologians and other scholars who offer positions that justify such actions based on lack of biblical support or a different line of theological reasoning This book explains these approaches and compares them to traditional answers The book does not endorse positions but leaves it to each reader to try to make an informed decision about each issue **In the Shadow of Death** Elizabeth Beck,Sarah Britto,Arlene Andrews,2007-02-08 The press called Martin s actions a crime spree Already convicted of armed robbery Martin was facing the death penalty In less than two weeks the jury would decide his fate Terrified that his son would be sentenced to die Phillip did the only thing he felt he could do in an act of faith and desperation in his garage with the car exhaust running Phillip made the consummate sacrifice to spare his son the ultimate punishment Ironically his suicide presented Martin s with another chance at life the jury moved by Martin s loss spared his life Phillip s story like those of the other parents siblings children and cousins chronicled in this book vividly illustrates the precarious position family members of capital offenders occupy in the criminal justice system At once outsiders and victims they live in the shadow of death crushed by trauma grief and helplessness In this penetrating

account of guilt and innocence shame and triumph devastating loss and ultimate redemption the voices of these family members add a new dimension to debates about capital punishment and how communities can prevent and address crime Restorative justice theory which views violent crime as an extreme violation of relationships searches for ways to hold offenders accountable and meets the needs of victims and communities torn apart by the crime organizes these narratives and integrates offenders families into the process of transforming conflict and promoting justice and healing for all What emerges from hundreds of hours worth of in depth interviews with family members of offenders and victims legal teams and leaders in the abolition and restorative justice movements is a vision of justice strongly rooted in the social fabric of communities Showing that forgiveness and recovery are possible in the wake of even the most heinous crimes while holding victims stories sacred this eye opening book bridges the pain of living in the shadow of death with the possibility of a reparative form of justice Anyone working with victims offenders and their families from lawyers and social workers to mediators and activists will find this riveting work indispensable to their efforts
