**Finding Refuge Through Forgotten Messages from the Past** Joseph C Taylor Ph D, Joseph Taylor, David C Taylor M a, 2003-05      **From Things Lost** Shirli Gilbert, 2017-05-15 An intimate history of the Holocaust that casts new light on our understanding of victimhood and survival In May 1933 a young man named Rudolf Schwab fled Nazi Germany His departure allegedly came at the insistence of a close friend who later joined the Party Schwab eventually arrived in South Africa one of the few countries left where Jews could seek refuge and years later resumed a relationship in letters with the Nazi who in many ways saved his life From Things Lost Forgotten Letters and the Legacy of the Holocaust is a story of displacement survival and an unlikely friendship in the wake of the Holocaust via an extraordinary collection of letters discovered in a forgotten trunk Only a handful of extended Schwab family members were alive in the war's aftermath Dispersed across five continents their lives mirrored those of countless refugees who landed in the most unlikely places Over years in exile a web of communication became an alternative world for these refugees a place where they could remember what they had lost and rebuild their identities anew Among the cast of characters that historian Shirli Gilbert came to know through the letters one name that appeared again and again was Karl Kipfer He was someone with whom Rudolf clearly got on exceedingly well there was lots of joking familiarity and sentimental reminiscing That was Grandpa's best friend growing up Rudolf's grandson explained to Gilbert He was a Nazi and was the one who encouraged Rudolf to leave Germany He also later helped him to recover the family's property Gilbert takes readers on a journey through a family's personal history wherein we learn about a cynical Karl who attempts to make amends for his undemocratic past and a version of Rudolf who spends hours aloof at his Johannesburg writing desk dressed in his Sunday finest holding together the fragile threads of his existence The Schwab family's story brings us closer to grasping the complex choices and motivations that even in extreme situations or perhaps because of them make us human In a world of devastation the letters in From Things Lost act as a surrogate for the gravestones that did not exist and funerals that were never held Readers of personal accounts of the Holocaust will be swept away by this intimate story      **The Gaze on the Past** Olga López-Valero Colbert, 2007 This book explores Antonio Muñoz Molina's creation of compelling narratives about Spain's immediate past by engaging in a dynamic dialogue with popular culture subgenres and the media The author asserts that popular culture functions in Muñoz Molina's novels as provider of a series of strategies that represent in the text aspects of Francoism and the Transition that because of their relevance are part of the structure of feeling of those periods The study focuses on the role of popular music film photography the thriller the romance novel as well as the radio and other gadgets of modern technology in Muñoz Molina's Novels The Gaze on the Past argues that through the incorporation of popular culture in texts Muñoz Molina undertakes a deliberate and intense reflection on memory and on the creation of historical moments highlighting their desire to be heard from publisher      **Lost Classics** Michael Ondaatje, Michael Redhill, Esta Spalding, Linda Spalding, 2011-03-30 An Anchor Books Original Seventy four
