## **Finn And Hengest:**

*Finn and Hengest* John Ronald Reuel Tolkien, 1982      **Finn and Hengest** J. R. R. Tolkien, 2023-04-20 Tolkien's famous translations and lectures on the story of two fifth century heroes in northern Europe      *A Critical Companion to Beowulf* Andy Orchard, 2003 This is a complete guide to the text and context of the most famous Old English poem In this book the specific roles of selected individual characters both major and minor are assessed      *Beowulf and the Illusion of History* John F. Vickrey, 2009 Most Beowulf scholars have held either that the poem's minor episodes are more or less based on incidents in Scandinavian history or at least that they entail nothing of the fabulous or monstrous Beowulf and the Illusion of History contends that like the poem's Grendelkin episodes certain minor episodes involve monsters and contain motifs of the Bear's Son folktale In the Finn Episode the monsters are to be taken as physically present in the story as we have it while in the mention of the hero's fight with Daeghrefn and perhaps in the accounts of the fight with Ongenbeow the principal foes though originally monsters appear now more like ordinary humans The inference permits the elucidation of passages hitherto obscure and indicates that the capability of the Beowulf poet as a maker is greater than has been thought John F. Vickrey is Professor of English Emeritus at Lehigh University      **I Am in Fact a Hobbit** Perry C. Bramlett, 2003 John Ronald Reuel Tolkien 1892-1973 was a brilliant writer who continues to leave his imaginative imprint on the mind and hearts of readers He was once called the creative equivalent of a people and for more than sixty years his Middle-earth tales have captivated and delighted readers of all ages from all over the world The Hobbit has long been recognized as a children's fantasy classic and the heroic romance the Lord of the Rings has been called the most influential story of all time These stories have sold over 150 million copies worldwide and have been translated into over forty languages and they along with works such as the Silmarillion and the History of Middle Earth have convinced scores of readers and critics that Tolkien is the master writer of fantasy Whether you've been a fan for years or you've just recently been hooked by the blockbuster Lord of the Rings movies I Am in Fact a Hobbit is an excellent starting point into the life and work of J. R. R. Tolkien Book jacket      **The Four Funerals in Beowulf** Gale R. Owen-Crocker, 2000 It is well known that the old English poem Beowulf begins and ends with funerals and includes the third as a digression part way through Now for the first time a fourth funeral hitherto disguised as poetic imagery is identified from archaeological evidence A detailed analysis of the four funerals establishes their thematic and structural importance revealing them as pillars around which the poem is built The poet is revealed as a literate antiquarian of considerable structural skill one who explores feminist issues plays with numbers and enjoys a pun who establishes an ideal then probes its darker side The author's unique knowledge of Anglo-Saxon culture provides constant surprises and enlightenment This book will be invaluable to all students of the poem for its fresh and detailed reading its identification of a coherent structure and its establishment of the integrity of the surviving texts      **Hengest** Nellie Slayton Aurner, 1921 *Epic and Saga*, 1910      *An Anglo-Saxon verse-book* Walter John Sedgefield, 1922      **J.R.R. **Publications of the University of Manchester**, 1913 *Notes on Beowulf* Thomas Arnold, 1898 **Heroic Identity in the World of Beowulf** Scott Gwara, 2009-01-31 Readers of Beowulf have noted inconsistencies in Beowulf's depiction as either heroic or reckless Heroic Identity in the World of Beowulf resolves this tension by emphasizing Beowulf's identity as a foreign fighter seeking glory abroad Such men resemble wreccan exiles compelled to leave their homelands due to excessive violence Beowulf may be potentially arrogant therefore but he learns prudence This native wisdom highlights a king's duty to his warband in expectation of Beowulf's future rule The dragon fight later raises the same question of incompatible identities hero versus king In frequent reference to Greek epic and Icelandic saga this revisionist approach to Beowulf offers new interpretations of flying rhetoric the custom of men dying with their lord and the poem's digressions
