## **Firearms Traps Tools Of The Mountain:**

Firearms, Traps, and Tools of the Mountain Men Carl P. Russell, 2010-05-26 This classic scholarly history of the fur trappers and traders of the early nineteenth century focuses on the devices that enabled the opening of the untracked American west Sprinkled with interesting facts and old western lore this guide to traps and tools is also a lively history The era of the mountain man is distinct in American history and Russell s exhaustive coverage on the guns traps knives axes and other iron tools of this era along with meticulous appendices is astonishing The result of thirty five years of painstaking research this is the definitive guide to the tools of the mountain men **Firearms, Traps & Tools of the Mountain Men** Carl Parcher Russell, 1977 This encyclopedic guide to the equipment of the trappers and fur traders who opened the Old West is a unique reference work that can be classified either as history or as archaeology It describes and discusses hundreds of iron artifacts rifles shotguns hatchets axes knives traps and miscellaneous tools used by the mountain men from the early 1800s to the mid 1840s Thirty years research went into the writing of this book In addition to examining the diaries and letters of the trappers themselves and the business records of fur trading companies the author also tracked down the records and catalogs of the gunsmiths ironmongers and other manufacturers who supplied the early traders He observed most of the surviving artifacts identified their makers and traced the evolution of the styles and designs of the weapons and tools usually from European origins Illustrated with over 400 drawings the book begins with a useful background history of the western fur trade Among the sections that will appeal to special groups of readers are chapters on firearms and blacksmithing and an appendix on the Historic Objects as Sources of History *Firearms, Traps, & Tools of the Mountain Men* , 1967 Weapons of the Lewis and Clark Expedition Jim Garry, 2012-09-28 When Meriwether Lewis began shopping for supplies and firearms to take on the Corps of Discovery s journey west his first stop was a federal arsenal For the following twenty nine months from the time the Lewis and Clark expedition left Camp Dubois with a cannon salute in 1804 until it announced its return from the West Coast to St Louis with a volley in 1806 weapons were a crucial component of the participants tool kit In Weapons of the Lewis and Clark Expedition historian Jim Garry describes the arms and ammunition the expedition carried and the use and care those weapons received The Corps of Discovery s purposes were to explore the Missouri and Columbia river basins to make scientific observations and to contact the tribes along the way for both science and diplomacy Throughout the trek the travelers used their guns to procure food they could consume around 350 pounds of meat a day and to protect themselves from dangerous animals Firearms were also invaluable in encounters with Indian groups as guns were one of the most sought after trade items in the West As Garry notes the explorers willingness to demonstrate their weapons firepower probably kept meetings with some tribes from becoming violent The mix of arms carried by the expedition extended beyond rifles and muskets to include pistols knives espontoons a cannon and blunderbusses Each chapter focuses on one of the major types of weapons and weaves accounts from the expedition journals

with the author's knowledge gained from field testing the muskets and rifles he describes Appendices tally the weapons carried and explain how the expedition's flintlocks worked Weapons of the Lewis and Clark Expedition integrates original research with a lively narrative This encyclopedic reference will be invaluable to historians and weaponry aficionados

The Spike Tomahawk Jack Vargo, 2013-02 Join Jack Vargo as he explores a popular tool and weapon in Colonial North America in The Spike Tomahawk This book discusses the origin methods of manufacture distribution and importance of a tool and weapon during the colonial period Vargo's intention in writing this volume is to provide readers a comprehensive study of just one type of trade artifact a small hatchet having a metal head with a cutting bit at one end and a pick or spike at the other known by most as the spiked axe or spike tomahawk Mountainman Crafts & Skills David Montgomery, 2008-04-15

**Encyclopedia of the Lewis and Clark Expedition** Elin Woodger, Brandon Toropov, 2014-05-14 Provides facts and information about the travels of Meriwether Lewis and William Clark and their Corps of Discovery and its importance in relation to Native Americans and the westward expansion in the United States **Mountain Man: John Colter, the Lewis**

**& Clark Expedition, and the Call of the American West (American Grit)** David Weston Marshall, 2017-05-09 If you seek vicarious adventure these pages await the armchair explorer Providence Journal In 1804 John Colter set out with Meriwether Lewis and William Clark on the first US expedition to traverse the North American continent During the 28 month ordeal Colter served as a hunter and scout and honed his survival skills on the western frontier But when the journey was over Colter stayed behind He spent two more years trekking alone through dangerous and unfamiliar territory charting some of the West's most treasured landmarks Historian David W Marshall crafts this captivating history from Colter's primary sources and has retraced Colter's steps experiencing firsthand how he survived in the wilderness how he pitched a shelter built a fire followed a trail and forded a stream adding a powerful layer of authority and detail The Indianization of Lewis

and Clark William R. Swagerty, 2012-10-29 Although some have attributed the success of the Lewis and Clark expedition primarily to gunpowder and gumption historian William R Swagerty demonstrates in this two volume set that adopting Indian ways of procuring processing and transporting food and gear was crucial to the survival of the Corps of Discovery The Indianization of Lewis and Clark retraces the well known trail of America's most famous explorers as a journey into the heart of Native America a case study of successful material adaptation and cultural borrowing Beginning with a broad examination

of regional demographics and folkways Swagerty describes the cultural baggage and material preferences the expedition carried west in 1804 Detailing this baseline reveals which Indian influences were already part of Jeffersonian American culture and which were progressive adaptations the Corpsmen made of Indian ways in the course of their journey Swagerty's exhaustive research offers detailed information on both Indian and Euro American science medicine cartography and cuisine and on a wide range of technologies and material culture Readers learn what the Corpsmen wore what they ate how they traveled and where they slept and with whom before during and after the return Indianization is as old as contact experiences between Native Americans and Europeans Lewis and Clark took the process to a new level accepting the hospitality of dozens of Native groups as they sought a navigable water route to the Pacific This richly illustrated interdisciplinary study provides a unique and complex portrait of the material and cultural legacy of Indian America offering readers perspective on lessons learned but largely forgotten in the aftermath of the epic journey

**Fur, Fortune, and Empire: The Epic History of the Fur Trade in America** Eric Jay Dolin, 2010 For all of fur's contentious position in American culture today historian Eric Jay Dolin shows its centrality in our nation's ever surprising history He argues that the trade in animal skins turned colonial America into a tumultuous frontier where global powers battled for control From the seventeenth century right on up to the Gilded Age the developed world's appetite for fur made the new continent with its wealth of fur bearing wildlife a seemingly inexhaustible resource The result was a major boost in the evolution of the colonies into a powerful new player on the world stage Dolin sheds insight on the ways the fur trade created international tensions in New England the Great Lakes and in the expanding West Fur traders were often the first white men to map major rivers forests and mountains then soon pushed Native Americans off their lands as John Jacob Astor's American Fur Company attempted to monopolize the West From publisher description

**Acts of Discovery** Albert

Furtwangler,1993 Meriwether Lewis and William Clark wove science and raw adventure together in their journals as they blazed a trail from St Louis to the Pacific Now with fresh information drawn from many fields Albert Furtwangler mines those journals for valuable insights into western American history as well as the process of discovery Acts of Discovery argues that Lewis and Clark surpassed the enlightened instructions given to them by President Thomas Jefferson They made a literal large scale experiment probing the interior of a continent and weighing information that eventually would supersede the science the politics and even the artistic ideals of Jefferson and his age Drawing on a background of interdisciplinary learning Furtwangler illuminates the achievements of Lewis and Clark as naturalists navigators and diplomats who faced ever new surprises as they worked their way west He shows that their journals trace two very different patterns at the same time as records of modern scientific reasoning and as a narrative of epic deeds in an American epic setting Furtwangler also attempts to define Lewis and Clark s place in American history He examines some ironic outcomes of westward expansion and conquest and brings out the peculiar courage of explorers who were the first and almost the last to cross the continent by pulling their way up the Missouri He also compares Lewis and Clark s discoveries to those of other generations from George Washington s early years as a surveyor of the new American interior to the Apollo moon landings discussing them in light of questions about progress posed by Francis Bacon Henry Adams and modern experimental scientists **Utah**

**Historians and the Reconstruction of Western History** Gary Topping,2003 Among historians of Utah and the American West few names have greater resonance than Bernard DeVoto Dale Morgan Juanita Brooks Wallace Stegner and Fawn Brodie Each of these writers made enduring contributions not only to our knowledge of the American West but also to our view of the region and its history In many ways their writing set the standard for scholarship and interpretation and their influence is still felt today Yet they were not flawless As Gary Topping explains in this the first comprehensive appraisal of their work each had serious shortcomings DeVoto and Stegner master storytellers distorted their histories with excessive use of literary and artistic techniques Morgan the thorough researcher failed to see larger contexts and interpretive possibilities Brooks courageous in finding damning new information on the Mountain Meadows massacre stopped short of drawing conclusions that might alienate her from her fellow Mormons and Brodie psychobiographer extraordinaire nonetheless succumbed to reading too much into the lives of her subjects based on her own emotions and conflicts All five writers experienced Mormon Utah in the formative stages of their lives and whether they wanted to or not fashioned their work on the American West under that indelible influence Topping shows ultimately how despite weaknesses each created exemplary models of diligent research and narrative elegance while establishing new traditions in western historical scholarship *Encounters in Avalanche Country* Diana L. Di Stefano,2013-11-01 Every winter settlers of the U S and Canadian Mountain West could expect to lose dozens of lives to deadly avalanches This constant threat to trappers miners railway workers and their families forced individuals and communities to develop knowledge share strategies and band together as they tried to survive the

extreme conditions of avalanche country The result of this convergence author Diana Di Stefano argues was a complex network of formal and informal cooperation that used disaster preparedness to engage legal action and instill a sense of regional identity among the many lives affected by these natural disasters Encounters in Avalanche Country tells the story of mountain communities responses to disaster over a century of social change and rapid industrialization As mining and railway companies triggered new kinds of disasters ideas about environmental risk and responsibility were increasingly negotiated by mountain laborers at the elite levels among corporations and in socially charged civil suits Disasters became a dangerous crossroads where social spaces and ecological realities collided illustrating how individuals groups communities and corporate entities were all tangled in this web of connections between people and their environment Written in a lively and engaging narrative style Encounters in Avalanche Country uncovers authentic stories of survival struggles frightening avalanches and how local knowledge challenged legal traditions that defined avalanches as acts of god Combining disaster mining railroad and ski histories with the theme of severe winter weather it provides a new and fascinating perspective on the settlement of the Mountain West

### **The Definitive Journals of Lewis & Clark: Over the Rockies to St. Louis**

Meriwether Lewis, William Clark, Gary E. Moulton, Thomas W. Dunlay, 2002-01-01 Since the time of Columbus explorers dreamed of a water passage across the North American continent President Thomas Jefferson shared this dream He conceived the Corps of Discovery to travel up the Missouri River to the Rocky Mountains and westward along possible river routes to the Pacific Ocean Meriwether Lewis and William Clark led this expedition of 1804-6 Along the way they filled hundreds of notebook pages with observations of the geography Indian tribes and natural history of the trans Mississippi West This last volume recounts the expedition's experiences as they continued their journey homeward from present day Idaho and the party divided for separate exploration Lewis probed the northern extent of the Louisiana Purchase on the Marias River while Clark traveled southeast toward the Yellowstone to explore the river and make contact with local Indians Lewis's party suffered from bad luck they encountered grizzlies horse thieves and the expedition's only violent encounter with Native inhabitants the Piegan Blackfeet Lewis was also wounded in a hunting accident The two parties eventually reunited below the mouth of the Yellowstone and arrived back in St Louis to a triumphal welcome in September 1806 *The Journals of the Lewis and Clark Expedition: June 10-September 26, 1806* Meriwether Lewis, William Clark, Gary E.

Moulton, Thomas W. Dunlay, 1983-01-01 Volume 8 of this prize winning new edition continues the return of the expeditionary party from their base at Camp Chopunnish on the Clearwater River in present Idaho back to St Louis At the outset they are hindered by deep snow but after returning to obtain help from Nez Perce guides they make rapid progress so much so that at their Travelers Rest Camp near the site of today's Missoula Montana the captains divide the party for separate explorations Lewis heads east to the Missouri River then north along the Marias to examine the northern extent of the Louisiana Purchase Clark goes southeast toward the Yellowstone to explore that river and to make contact with local Indians Lewis's party

suffers various forms of ill luck grizzlies horse thieves and a violent encounter with a party of Piegan Blackfeet the only trouble of this kind on the expedition and Lewis is wounded by one of his own men in a hunting accident Clark s group has its own troubles although not as severe as those of Lewis and his men The two parties eventually reunite on August 12 in present North Dakota and continue downriver They revisit Indian tribes Mandans Hidatsas Arikaras and Yankton Sioux they had met on the way out and encounter traders and trappers going upriver They arrive back in St Louis to a triumphal welcome on September 23
