Pamphlets on Biology, 1909 **Luminous Creatures** Michel Anctil, 2018-05-30 Naturalists in antiquity worked hard to dispel fanciful ideas about the meaning of living lights but remained bewildered by them Even Charles Darwin was perplexed by the chaotic diversity of luminous organisms which he found difficult to reconcile with his evolutionary theory It fell to naturalists and scientists to make sense of the dazzling displays of fireflies and other organisms In *Luminous Creatures* Michel Anctil shows how mythical perceptions of bioluminescence gradually gave way to a scientific understanding of its mechanisms functions and evolution and to the recognition of its usefulness for biomedical and other applied fields Following the rise of the modern scientific method and the circumnavigations and oceanographic expeditions of the eighteenth and nineteenth centuries biologists began to realize the diversity of bioluminescence's expressions in light organs and ecological imprints and how widespread it is on the planet By the end of the nineteenth century an understanding of the chemical nature and physiological control of the phenomenon was at hand Technological developments led to an explosion of

knowledge on the ecology evolution and molecular biology of bioluminescence Luminous Creatures tracks these historical events and illuminates the lives and the trail blazing accomplishments of the scientists involved It offers a unique window into the awe inspiring phantasmagorical world of light producing organisms viewed from the perspectives of casual observers and scientists alike [Kottō Lafcadio Hearn,1902](#) , [Delphi Complete Works of Lafcadio Hearn \(Illustrated\)](#) Lafcadio Hearn,2017-08-03 In the Victorian era Lafcadio Hearn introduced the culture and literature of Japan to the West Celebrated for his collections of Japanese legends and ghost stories as well as writings about the city of New Orleans Hearn produced a diverse and inimitable range of works This comprehensive eBook presents Hearn s complete works in English with numerous illustrations rare texts appearing in digital print for the first time informative introductions and the usual Delphi bonus material Version 2 Beautifully illustrated with images relating to Hearn s life and works Concise introductions to the major texts All the published books with individual contents tables Features many rare story and essay collections available in only this eBook Images of how the books were first published giving your eReader a taste of the original texts Excellent formatting of the texts Famous works are fully illustrated with their original artwork Special chronological and alphabetical contents tables for the complete short stories Easily locate the short stories you want to read Includes Hearn s rare Creole works available in no other collection Features Bisland s seminal biography explore Hearn s life and letters Scholarly ordering of texts into chronological order and literary genres UPDATED with three rare works and corrected texts and footnotes CONTENTS Books on Japanese Subjects Glimpses of Unfamiliar Japan 1894 Out of the East 1895 Kokoro Hints and Echoes of Japanese Inner Life 1896 Gleanings in Buddha Fields 1897 Exotics and Retrospectives 1898 Japanese Fairy Tales 1898 In Ghostly Japan 1899 Shadowings 1900 Japanese Lyrics 1900 A Japanese Miscellany 1901 Kott Being Japanese Curios with Sundry Cobwebs 1902 Kwaidan Stories and Studies of Strange Things 1903 Japan An Attempt at Interpretation 1904 The Romance of the Milky Way and Other Studies and Stories 1905 Books on Louisiana Subjects La Cuisine Creole A Collection of Culinary Recipes 1885 Gombo Zh bes A Little Dictionary of Creole Proverbs 1885 Chita A Memory of Last Island 1889 Creole Sketches 1922 Other Works One of Cleopatra s Nights and Other Fantastic Romances by Theophile Gautier 1882 Stray Leaves from Strange Literature 1884 Some Chinese Ghosts 1887 Youma The Story of a West Indian Slave 1889 Two Years in the French West Indies 1890 Letters from The Raven 1907 Leaves from the Diary of an Impressionist 1911 Fantastics and Other Fancies 1914 Pre Raphaelite and Other Poets 1922 Books and Habits from the Lectures of Lafcadio Hearn 1922 The Short Stories List of Short Stories in Chronological Order List of Short Stories in Alphabetical Order The Biography The Life and Letters of Lafcadio Hearn 1906 by Elizabeth Bisland **Papers from the Department of Marine Biology of the Carnegie Institution of Washington ,1917** **Kotto: Being Japanese Curios, with Sundry Cobwebs** Lafcadio Hearn,2021-08-30 Journalist by trade Lafcadio Hearn used his wanderer s eye and guileless graceful style to provide elegant chronicles for an English speaking world fascinated by the exotic sensibilities of Japan He set himself apart from
